¹ The last four digits of Energy Future Holdings Corp.'s tax identification number are 8810. The location of the debtors' service address is 1601 Bryan Street, Dallas, Texas 75201. Due to the large number of debtors in these chapter 11 cases, which are being jointly administered, a complete list of the debtors and the last four digits of their federal tax identification numbers is not provided herein. A complete list of such information may be obtained on the website of the debtors' claims and noticing agent at <http://www.efhcaseinfo.com>.

Motion are sections 327(a) and 328 of the Bankruptcy Code, Bankruptcy Rules 2014(a) and 2016, and Local Bankruptcy Rules 2014-1 and 2016-2.

Background

3. On April 29, 2014 (the “Petition Date”), each of the Debtors filed a voluntary petition with the Court under the Bankruptcy Code. The Debtors are operating their businesses and managing their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. The Court has entered a final order for joint administration of these chapter 11 cases [D.I. 849]. The Court has not appointed a trustee. The Office of the United States Trustee for the District of Delaware (the “U.S. Trustee”) formed an official committee of unsecured creditors of EFCH, TCEH, the direct and indirect Debtor subsidiaries of EFCH and TCEH, and EFH Corporate Services Company (the “TCEH Debtors” and the “TCEH Creditors’ Committee”) on May 13, 2014 [D.I. 420] and an official committee of unsecured creditors of Energy Future Holdings Corp., Energy Future Intermediate Holding Company, LLC, EFIH Finance, Inc., and EECI, Inc. (the “EFH Debtors” and the “EFH Creditors’ Committee”) on October 27, 2014 [D.I. 2570]. Further information regarding the Debtors’ business operations and capital structure is set forth in the declaration of Paul Keglevic in support of the KPMG Debtors’ first day motions [D.I. 98].

4. On May 29, 2014, the Debtors filed the Original Application and the *Declaration of Thomas D. Bibby in Support of the Application of Energy Future Holdings Corp., et at., for Entry of an Order Authorizing the Debtors to Retain and Employ KPMG LLP as Bankruptcy Accounting and Tax Advisors Effective Nunc Pro Tunc to the Petition Date* (the “Bibby Declaration”) [D.I. 652].

5. On June 11, 2014, the Debtors filed a *Notice of Debtors' Entry into Additional Statement of Work with KPMG LLP* [D.I. 910] (the "Notice" and together with the Original Application, the "Application") to supplement the Original Application with respect to an additional statement of work entered into between the KPMG Debtors and KPMG on June 3, 2014.

6. On September 5, 2014, the Debtors filed a *Supplement to the Application of Energy Future Holdings Corp, et al., for Entry of an Order Authorizing the Debtors to Retain and Employ KPMG LLP as Bankruptcy Accounting and Tax Advisors Effective Nunc Pro Tunc to the Petition Date* [D.I. 1968] (the "Application Supplement") and a *Supplemental Declaration of Thomas D. Bibby in Support of the Application of Energy Future Holdings Corp, et al., for Entry of an Order Authorizing the Debtors to Retain and Employ KPMG LLP as Bankruptcy Accounting and Tax Advisors Effective Nunc Pro Tunc to the Petition Date* [D.I. 1969] (the "First Supplemental Bibby Declaration") to address additional statements of work and provide additional services in connection with these chapter 11 cases.

7. Also on September 5, 2014, the Debtors filed a *Declaration of Nancy Braun for Entry of an Order Authorizing the Debtors to Retain and Employ as Bankruptcy Accounting Advisor Effective Nunc Pro Tunc to June 17, 2014* [D.I. 1971] (the "Thavron Declaration") to address additional disclosures regarding KPMG's use of Thavron Solutions LLC ("Thavron") to provide technical assistance related to cost modeling in connection with Apptio services. The Thavron Declaration also established Thavron's disinterestedness.²

8. On September 16, 2014, the KPMG Debtors filed a *Second Supplemental Declaration of Thomas D. Bibby in Support of the Application of Energy Future Holdings Corp.,*

² Thavron will continue to provide technical assistance related to cost modeling in connection with Apptio services as part of the Additional Services (defined herein).

et al., *for Entry of an Order Authorizing the Debtors to Retain and Employ KPMG LLP as Bankruptcy Accounting and Tax Advisors Effective Nunc Pro Tunc to the Petition Date* [D.I. 2038] (the “Second Supplemental Bibby Declaration” and together with the Bibby Declaration and the First Supplemental Bibby Declaration, the “Bibby Declarations”) to address additional disclosures regarding the specific delineation of services between the various retained professionals in these chapter 11 cases and retainer payments made by the KPMG Debtors to KPMG. Also on September 16, 2014, the Court entered the *Order Authorizing the Debtors to Retain and Employ KPMG LLP as Bankruptcy Accounting and Tax Advisors, Effective Nunc Pro Tunc to the Petition Date* [D.I. 2054] (the “Retention Order”). Pursuant to the Retention Order, all of the Debtors (which, at that time, included the TCEH Debtors) were authorized to retain and compensate KPMG in accordance with the Court’s various orders regarding the compensation of retained professionals. Consistent with historical practice, however, the former TCEH Debtor, EFH Corporate Services Company, paid KPMG for services rendered.

9. On December 17, 2014, the Court entered an *Order Granting the Motion of Energy Future Holdings Corp., et al., Authorizing the KPMG Debtors and KPMG Debtors in Possession to Expand the Retention and Employment of KPMG LLP as Bankruptcy Accounting and Tax Advisors Effective Nunc Pro Tunc to August 1, 2014* [D.I. 3048] (the “Expanded Services Order”) to address additional address additional statements of work and provide additional services in connection with these chapter 11 cases.

10. On February 24, 2015, the Court entered an *Order Granting the Motion of Energy Future Holdings Corp., et al., for Entry of an Order Authorizing the KPMG Debtors and KPMG Debtors in Possession to Submit Additional Agreements that Expand the Retention and Employment of KPMG LLP as Bankruptcy Accounting, Tax, and IT Advisors* [D.I. 3641] (the

“Procedures Order”) to address the approval of additional agreements between KPMG and the Debtors related to KPMG’s existing retention under expedited procedures.

11. On March 9, 2015, the KPMG Debtors filed a *Third Supplemental Declaration of Thomas D. Bibby in Support of the Application of Energy Future Holdings Corp., et al., for Entry of an Order Authorizing the Debtors to Retain and Employ KPMG LLP as Bankruptcy Accounting and Tax Advisors Effective Nunc Pro Tunc to the Petition Date* [D.I. 3847] (the “Third Supplemental Bibby Declaration” and together with the Bibby Declaration, the First Supplemental Bibby Declaration and the Second Bibby Declaration, the “Bibby Declarations”) to address additional disclosures regarding relationships determined following an internal database review of additional interested parties in these chapter 11 cases.

12. On October 3, 2016, EFH Corporate Services Company emerged from chapter 11. *See Notice of Entry of TCEH Confirmation Order and Occurrence of TCEH Effective Date* [D.I. 9742].

13. On March 30, 2017, the Bankruptcy Court entered the *Order Allowing the Final Fee Application of KPMG LLP for Final Compensation for Services Rendered and for Reimbursement of Expenses* [D.I. 11090].

Additional Engagement Letter and Disclosures Regarding Relationships

14. The Debtors and KPMG have entered into an additional engagement letter whereby KPMG will support Debtors’ management in addressing various bankruptcy, accounting and reporting, data management, and tax services. Pursuant to this additional engagement letter, KPMG will be providing services to EFH Corp. (consistent with the authority granted in the Retention Order) and will be compensated pursuant to the terms set forth in the Retention Order.

18. KPMG received from Debtors' counsel a list of additional new interested parties in these cases. KPMG received and reviewed a list of the Parties-In-Interest attached hereto as **Schedule 1**. KPMG's review of these Parties-In-Interest mirrored the initial review of Parties-In-Interest provided in the Original Application. A summary of those current potential relationships that KPMG was able to identify using its reasonable efforts is reflected in **Schedule 2**, attached hereto.³ KPMG does provide professional services to Vistra Corporate Services Company ("Vistra") for tax and consulting services. Vistra is a client of KPMG and is billed directly for services rendered to and for the benefit of Vistra. Professional services performed which are included in the attached engagement letter are for the benefit of the Debtors and will be billed to the Debtors accordingly. No time incurred for Vistra will be included on the KPMG fee statements to the Debtor entities.

KPMG's Disinterestedness

19. As I stated in the Bibby Declarations, KPMG continues to conduct further reviews of its professional contacts as it becomes aware of new parties in interest. To the best of

Mr. Tony Horton
EVP, Chief Financial Officer
Energy Future Holdings Corp.
1601 Bryan Street, Suite 4100
Dallas, Texas 75201

Dear Mr. Horton:

We appreciate the opportunity for KPMG LLP ("KPMG" or "we") to assist Energy Future Holdings Corp. ("EFH," the "Company," "you," or "your") with professional services. This letter, which serves as our engagement letter, and the attached Standard Terms and Conditions for Advisory and Tax Services (the "ST&C"), set forth the terms of our engagement. Our engagement is subject to completion of our normal engagement acceptance process and execution of this engagement letter.

Scope

KPMG's professional services will support management in addressing various bankruptcy, accounting and reporting, data management, and tax services. KPMG will, at all times, work under the direction of management and provide services as requested. To the extent those services requested are not included in the scope below, we will discuss these with the Company and consider amending this engagement letter to reflect any substantive changes.

KPMG will assist management as requested with the following scope of services as necessary:

Progress Meetings and Reporting

We will provide management with regular updates of the progress of our work procedures, findings and recommendations.

All oral and written communications by KPMG to you with respect to this engagement, including drafts and those communications occurring prior to the execution of this Engagement Letter (collectively, "Reports") will be subject to the terms and conditions of this Engagement Letter and the attached appendices. During the course of the engagement, we will communicate our observations and recommendations directly to Tony Horton and/or his designee.

We do not anticipate preparation of a formal report following completion of our work.

Accounting positions determined by EFH through the course of this engagement are considered to be EFH's proprietary information and as such EFH may share this information with third parties without reference to KPMG. However, notwithstanding anything to the contrary set forth in Paragraph 4(c) of the Standard Terms and Conditions for Advisory and Tax Services attached to this letter as Appendix 1, any technical accounting and financial reporting advice, information, recommendations or work product provided by KPMG to you under this Engagement Letter, whether verbally or in writing, may not be attributed to KPMG by you to any third-parties without KPMG's express written permission, except that you may disclose to your independent external

audit firm the nature and results of this engagement. ¹ The provisions in this paragraph do not apply to any tax advice or consulting services which may be provided under this Engagement Letter.

KPMG will not be a signatory on the EFH bank accounts and therefore will not make any disbursements on behalf of the Company.

Deliverables

KPMG will work as part of a collaborative team that will include EFH personnel. The output from this collaborative team will be considered an internal EFH work product for which management will take full responsibility. The collaboratively developed work product may be distributed as management determines to be appropriate for its needs. However, such work product will not be prepared on KPMG letterhead or contain the KPMG logo or other references to KPMG. The work product may be prepared by KPMG on EFH letterhead or contain the EFH logo, if so instructed by the Company. KPMG may attach a transmittal letter to each work product, or provide a periodic transmittal letter referring to the work product that has been provided previously. Neither this KPMG transmittal letter, nor a copy thereof, should accompany any work product shared outside the Company. Should the Company attach its own transmittal letter when such collaboratively developed work product is shared externally, such transmittal letter may not indicate that the work product was prepared by KPMG or that the findings were based on input or test work provided by KPMG.

In addition, we will provide the Company with status updates as reasonably requested, in a format acceptable to and agreed upon by KPMG and EFH.

Project Leadership by Management and Key KPMG Resources

Our understanding is that the Company has designated Tony Horton and Tim Hogan as the management level individuals to oversee the conduct of this project, including coordination of Company resources required and reviews of draft deliverables. Management agrees that Company personnel assigned to the project will review draft deliverables on a timely basis and provide us with their comments and revisions and will approve and accept final deliverables as meeting the objectives that you have established for those deliverables.

I will have overall responsibility for the conduct of the engagement. John Kane, Brennan Folmer and James Grace will be actively involved in the performance of the engagement and will use such other staff for assistance as deemed necessary.

Timing and Professional Fees

Our professional fees are based upon the skill level of the professionals providing the services and the amount of time and materials required to complete the engagement. Our fees and expenses are not contingent upon the final results, nor do we guarantee any result or resolution in the above referenced matter. The following table represents our hourly rates by level for this engagement. Tax fees are not dependent on tax or other savings achieved or otherwise based in any way on results obtained.

¹ Should any other third party request you to disclose our accounting advice to them, we will consider giving our permission after discussing with you the appropriate terms and details.

Other Terms and Conditions

Company Support

We will require the support of Company personnel in order to achieve timely completion of the project. Such support includes, but is not limited to, the collection of all relevant documents (paper or electronic) that would aid in the project and the scheduling of interviews and coordination of meetings.

Standard of Services

Our engagement will be performed under the Statements on Standards for Consulting Services issued by the American Institute of Certified Public Accountants. Such services are not intended to be an audit, examination, attestation, special report or agreed-upon procedures engagement as those services are defined in AICPA literature applicable to such engagements. Accordingly, these services will not result in the issuance of a written communication to third parties by KPMG directly reporting on financial data or internal control or expressing a conclusion or any other form of assurance.

The procedures KPMG will perform are limited to those referred to in this Engagement Letter and are limited in nature and extent to those that the Company has determined meets its needs. Consequently, we make no representation regarding the sufficiency of the procedures for the purpose for which our advice and/or discussion documents is being prepared or for any other purpose.

Changes in Accounting Standards and Interpretations

In rendering accounting advice, whether written or oral, we will consider the applicable technical literature, laws and regulations. Financial reporting authoritative guidance is subject to change or modification, retroactively or prospectively, by varying interpretation and by subsequently issued pronouncements, legislation, and regulatory, administrative, or judicial decisions. Subsequent to the completion of this engagement, we will not update our advice, recommendations or work product for such changes or modifications to financial reporting authoritative guidance, or for subsequent events or transactions, unless the Company separately engages us to do so in writing after such changes or modifications, interpretations, events or transactions.

Should you request written or oral advice on the application of accounting principles to transactions involving facts and circumstances specific to the Company or its related parties that will be included in any set of financial statements subject to external audit by an auditor other than KPMG, we will evaluate your request. If we are able to accept such a request, our advice will be provided subject to the terms and professional standards described in Appendix 3.

Accounting, Financial Reporting and Information for Audits

The Company acknowledges ultimate responsibility for the accounting treatment of any particular transaction. In addition, the Company will always have the advice provided by KPMG considered by an appropriate individual within the organization who has the requisite skills and knowledge to assess the advice given. Our responsibility is to assist you with accounting research and consultation, project planning and management support, and assistance in preparing and analyzing accounting records and documentation.

In this engagement, KPMG assumes no responsibility for auditing information provided by the Company or for expressing an opinion on any part of the Company's financial statements, nor for management's analysis or decision-making with respect to accounting positions taken, related financial statement disclosures, and balance sheet accounts. Those responsibilities belong to you and your independent auditor.

KPMG's Association with Company's Financial Statements

The scope of our services involved in providing accounting and financial advisory services to management does not satisfy the requirements of an audit in accordance with generally accepted auditing standards, or a

review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Accordingly, we will not express an opinion or any other form of assurance on any of your financial statements.

Restrictions on References to KPMG and Company

We undertake this engagement with the understanding that any external release of the financial statements that include information that we have assisted you with in your analysis and subsequent preparation, including any related regulatory filings, will be subject to audit by your auditors. In this regard, you agree that any financial statements or other related financial information will not be associated with KPMG to any third party and that the scope of our services thereupon does not constitute a compilation of financial statements and that we will not be providing any such report, audit, review, or compilation on the financial statements of the Company or its related parties and/or regulatory filings related thereto.

Should you desire that we perform a compilation of financial statements using your financial information, we will consider that request and, if accepted, will issue a separate engagement letter related to those compilation services. Should this not be the case, you agree that any financial statements or other related financial information derived from the conduct of our services will be for your internal use only and will not be referred to or distributed to any third party without our prior written consent.

Company agrees that KPMG may use Company's name in experience citations with respect to services provided in this engagement.

Deliverables and Other Communications

Deliverables we provide to you will not be prepared on KPMG letterhead or contain the KPMG logo or other references to KPMG. These deliverables may be prepared on Company letterhead or contain its logo.

KPMG may attach a transmittal letter to each deliverable, or provide a periodic transmittal letter referring to the deliverables that have been provided previously. Neither this KPMG transmittal letter, nor a copy thereof, should accompany any reports or deliverables shared outside of the Company.

As a part of this engagement, KPMG may be requested by EFH to participate, along with EFH's legal and other advisors, in discussions with EFH's creditors and equity holders and with other interested parties. In the event that KPMG agrees to participate in such discussions, our role will be solely as an advisor to EFH, and any representations made and positions advanced will be those of EFH and its management, not KPMG, its partners or employees.

Conflicts

KPMG has performed an internal search in accordance with KPMG's internal procedures for potential client conflicts based upon the names of the parties that the Company has provided. The Company has represented to KPMG that this list represents all parties that EFH considers material relative to the scope of services set forth above. No client conflicts were found with respect to any of the parties identified by EFH and set forth in separate written communication. During the course of this engagement, the Company agrees that it will inform KPMG of additional parties in this matter or name changes for those parties provided.

As a large professional services organization, KPMG is engaged by new clients every day and cannot ensure that an engagement for the involved parties will not be accepted by KPMG. We take no responsibility for monitoring possible conflicts that could arise during the course of the engagement, although we will inform you promptly should any come to our attention. We reserve the right to resign from this engagement at any time if conflicts arise or become known to us that, in our judgment, would impair our ability to perform objectively.

In the event we become aware of a conflict of interest relating to any of our services to you, we will advise you and the other parties and, with the concurrence of all affected parties, take reasonable steps to provide appropriate separation between service teams. Please note that in certain circumstances, we may be precluded from assisting you on a particular project due to the nature of the conflict.

Management's Roles & Responsibilities

While KPMG will make every attempt to gather the required data and coordinate data-gathering efforts, management is ultimately responsible for providing the necessary financial and tax information to KPMG. EFH's management is also responsible for establishing and supporting its income statement and balance sheet accounts and financial statement disclosures and maintaining adequate internal controls and procedures necessary to prepare such information. In addition, EFH will:

- a) Provide KPMG, on a timely basis, all information, documentation and materials relating to EFH's operations necessary for KPMG to perform the services described in this letter;
- b) Establish that all information provided to KPMG is materially accurate and complete, and is updated on a timely basis. KPMG will not be held responsible for EFH information that has not been rendered in accordance with the provisions of paragraphs (a) and (b); and
- c) Provide KPMG with reasonable access to all employees and personnel necessary to assist in performing the services described in this letter and cooperate with KPMG in arranging meetings as appropriate.

Accounting Advice Standards

There are unique requirements when providing oral or written advice on the application of U.S. GAAP or IFRS. Such an advice is subject to the professional standards we follow in these circumstances, namely Statement of Auditing Standard No. 50, *Reports on the Application of Accounting Principles*, as amended by Statement of Auditing Standard No. 97, *Amendment of SAS 50, Reports on the Application of Accounting Principles* ("SAS 50" requirements), or section 230 of the International Federation of Accountants' Handbook, *Code of Ethics for Professional Accountants* ("IFAC"). The following are types of accounting services that we may provide to you that would generally not be within the scope of SAS 50 or IFAC:

- Researching and summarizing industry practice relating to the application of accounting principles for various types of transactions;
- Educational or training sessions regarding the content and potential ramifications of new accounting pronouncements;
- Summarizing and discussing the potential ramifications to companies relating to FASB, IASB or other accounting standard-setting bodies meetings as they pertain to proposed and existing accounting literature;
- Communications such as position papers prepared for the purpose of presenting views on a general issue (not related to a specific transaction or event that you request) involving the application of accounting principles. Position papers include newsletters, articles, speeches and texts thereof, lectures and other forms of public presentations, and letters for the public record to professional and governmental standard-setting bodies.

However, if any of the services you request are to provide guidance on the application of accounting principles to a specific transaction or event, SAS 50 or IFAC is applicable and we will be required to follow the protocols described below.

Should you ask KPMG to provide written or oral advice on the application of accounting principles to specific transactions involving facts and circumstances specific to the Company or its related parties, any such request that would meet these criteria would fall within the scope of SAS 50 or IFAC since we are not your audit firm. When you request advisory services that fall within the scope of SAS 50 or IFAC, we must consult with your audit firm to ascertain all the relevant available facts that are applicable to the specific request so as to form a professional judgment. We recognize that there is room for legitimate disagreement between KPMG and your

audit firm, as well as between you and either your audit or another non-audit firm, but it is not our objective to challenge another accounting firm's professional judgment.

If you request a KPMG opinion letter to be written in accordance with SAS 50 or IFAC, we will issue a separate engagement letter to confirm the scope, extent and terms of that engagement. Because of the requirements of SAS 50, SAS 97, IFAC and KPMG internal policies, we will follow our internal approval process for our involvement on specific transactions as they arise. This process will include the following:

- Obtaining information about the principals' involvement in each transaction and performing our engagement acceptance process;
- Communicating with the independent auditors' for one or more of the principals to discuss such matters as:
 - the substance of the transaction versus the form of the transaction;
 - whether there is a dispute between you and the continuing accountants; or
 - whether the continuing accountants have reached a conclusion that differs from ours.
- Obtaining indemnifications and/or hold harmless agreements from one or more of the principals or other third-party users; and,
- Internal investigations within KPMG to determine the presence of potential possible conflicts of interest.

KPMG may be requested, pursuant to subpoena or other legal process, to produce its documents relating to this engagement in judicial or administrative proceedings to which KPMG is not a party. We agree, if legally permitted, to provide you with prompt written notice of such request so that you may seek a protective order or other appropriate remedy. If, in the absence of a protective order or other remedy or the receipt of waiver by EFH, we are legally required to make a disclosure of such information, we will disclose only that information we are advised by legal counsel to disclose. In that event, you agree to reimburse KPMG at standard billing rates for its professional time and expenses, including reasonable, out-of-pocket attorney fees, incurred in responding to such requests.

Additional Other Matters

KPMG will provide our services in accordance with the terms of this letter, including the attached ST&C's except as modified as follows:

Paragraph 11(a)— the word "wrongful" is removed from proviso (2).

Insert the following paragraph 11(f):

"Each party acknowledges that remedies at law may be inadequate to protect against breach of this Paragraph 11 and hereby in advance agrees, without prejudice to any rights to judicial relief it may otherwise have, to the granting of equitable relief, including injunction, in the other party's favor without proof of actual damages. Each party agrees not to seek, and agrees to waive any requirement for the securing or posting of, a bond in connection with a party seeking or obtaining such relief."

Paragraph 13. – the engagement letter and Standard Terms and Conditions shall be governed by the State of Texas.

The first two sentences of Paragraph 14(c) will read as follows:

"Arbitration shall take place in Dallas, Texas. The arbitration panel shall have no power to award non-monetary or equitable relief of any sort except for injunctive relief pursuant to paragraph 11(f) and as provided in IICPR Rule 13 (Interim Measures of Protection)."

Appendix 3: Tax Support Services

Potential tax consulting services that we may be required to perform as part of the overall accounting advisory services engagement consist of the following:

- *Book vs. tax balances.* Identification of differences between book and tax balances that arise from the plan of emergence and fresh start accounting;
- *Insolvent subsidiaries.* Consideration of the deferred tax impact on the outside basis of investments in insolvent subsidiaries;
- *Tax elections.* Assessment of the impact of available federal and state tax elections.

Use of ONESOURCE Tax Provision to Support the Delivery of this Engagement

To facilitate our services, KPMG licenses software known as ONESOURCE Tax Provision from an un-related third-party vendor. As a result of KPMG's use of ONESOURCE Tax Provision and related modules, certain data and other information you submit to us under this engagement will be maintained on servers that are owned by the third-party vendor or its subcontractor. While KPMG does not have a proprietary interest in these servers, the third-party vendor and its subcontractors are contractually prohibited from disclosing or using any information you submit to us for purposes other than to provide the services under this engagement letter.

Management's Role and Responsibilities

Management is responsible for providing the necessary financial and tax information to KPMG. EFH's management is also responsible for establishing and supporting its current and deferred income taxes and financial statement disclosures. Our assistance is intended to help management in fulfilling these responsibilities. EFH's management will review and approve the final calculation and the underlying financial statement and tax positions taken.

In addition to the other obligations of EFH set forth above, EFH will:

- a. Provide KPMG, on a timely basis, all information, documentation and materials relating to EFH's operations necessary for KPMG to perform the Services;
- b. Establish that all information provided to KPMG is materially accurate and complete, and is updated on a timely basis. KPMG will not be held responsible for EFH information that has not been rendered in accordance with the provisions of paragraphs (a) and (b);
- c. Share with KPMG all plans, including without limitation, changes in EFH's business conditions or its tactical and strategic business direction, that require changes in the Services in sufficient time and detail as to allow KPMG to continue to provide the Services as contemplated herein;
- d. Carefully inspect and review all reports, returns, and other output provided by KPMG hereunder, and all other KPMG work product delivered hereunder;
- e. Cooperate with KPMG by, among other things, making available, as reasonably requested by KPMG, timely management decisions, information, approvals, and acceptances in order that KPMG may accomplish its obligations and responsibilities hereunder;
- f. Provide KPMG with reasonable access to all employees and personnel affected by the Services and cooperate with KPMG in arranging meetings as appropriate;
- g. Identify and document EFH's tax assertions (e.g., uncertain tax positions, valuation allowance, indefinite reversal criteria for outside tax basis for foreign subsidiaries); and

- h. Accept responsibility for all source documents and assumptions upon which the income tax provision calculation is based.

Application of Accounting Principles

KPMG's services are to be directed toward the straightforward application of tax rules to EFH's facts and the preliminary computation of EFH's income tax provision. KPMG is not assuming responsibility for management analysis or decision-making with respect to the application of any accounting principles relevant to the income tax provision, related financial statement disclosures and balance sheet accounts, such as determining the necessity or amount of a valuation allowance or reserve for uncertain tax positions. EFH is to consult with its independent auditor on the application of accounting principles.

This engagement does not contemplate the provision of oral advice or the issuance of a written report on the application of accounting principles pursuant to AU section 625 of the AICPA's Professional Standards, Reports on the Application of Accounting Principles. Accordingly, KPMG's services will not be directed toward consultation on the application of accounting principles to EFH's particular facts and circumstances.

Other Matters

Unless separately engaged to do so, KPMG will not express an opinion on the possible outcome of an uncertain tax position. In making preliminary computations, KPMG may incorporate the effect of valuation allowance and uncertain tax positions as determined by management.

Tax Advice Standards

Written advice provided to you under this engagement letter will be based on facts, representations, assumptions, and other information you provide to us, the completeness, accuracy and timeliness of which are critical factors in our ability to timely and accurately complete our services. Unless you request and we agree under a separate writing (a newly issued engagement letter or addendum to this engagement letter) after our advice has been issued in final form to you, KPMG will not update our advice to take into account your updating the facts you provide to us through your discovery of new or additional facts, or your updating any information that may have formed the basis of any assumptions we made in developing our advice. In rendering advice, we will consider tax authorities that are subject to change, retroactively and/or prospectively, and any such changes could affect the advice we issue to you.

When, in the course of providing general tax consulting services, it is determined that the services would exceed the scope of this letter, preliminary engagement planning activities undertaken prior to the issuance of an engagement letter for the discrete tax consulting project are intended to be covered by this engagement letter.

Tax Advice Standards

If KPMG is considered to be a tax return preparer under Treasury Regulation §301.7701-15, we will apply elevated standards in providing tax advice. These standards are dependent on certain characteristics of the entity to which our services will be directed as follows:

1. For U.S. public companies or "large private entities" (i.e., private entities with prior year gross revenues of \$300 million or more): We must be able to determine that (1) there is "substantial authority" for an undisclosed return position and (2) a disclosed return position has at least a "realistic possibility" of being sustained on its merits. The laws of some states (e.g., New York) also may impose more stringent return preparation standards for state tax returns. For advice pertaining to a "Tax Shelter" (as defined in IRC §6662(d)(2)(C)(ii)) or a "reportable transaction" with a significant purpose of tax avoidance, the return positions must be at least "more likely than not" to be sustained on the merits; if the taxpayer is advised regarding potential taxpayer penalties, there must be "substantial authority" for our advice.
2. For "other private entities" (i.e., entities that do not fall within the definitions above as a U.S. public company or large private entity): The return position must be at least "more likely than not" sustained on the

merits. If a return position relates to a transaction that is a “principal purpose transaction,” we must arrive at a “should” confidence level with respect to the position.

3. We will not render any advice with respect to a federal or state “listed transaction” or any transaction that is substantially similar to a federal or state “listed transaction.”

In determining whether a return position meets the appropriate standard, we will not take into account the possibility that a tax return will not be audited, that an issue will not be raised on audit, or that an issue will be settled. We will inform you as soon as possible if, during our analysis, we determine circumstances exist that prevent us from advising you under these standards.

In addition we will apply the elevated standards described in the “Tax Return Standards” section of this letter with respect to any tax advice which would cause KPMG to be considered a tax return preparer under Treasury Regulation §301.7701-15. KPMG will not render any advice with respect to a federal or state “listed transaction” or any transaction that is substantially similar to a federal or state “listed transaction.”

Written Advice

Written advice provided to you under this engagement letter will be based on facts, representations, assumptions, and other information you provide to us, the completeness, accuracy and timeliness of which are critical factors in our ability to timely and accurately complete our services. Unless you request and we agree under a separate writing (a newly issued engagement letter or addendum to this engagement letter) after our advice has been issued in final form to you, KPMG will not update our advice to take into account your updating the facts you provide to us through your discovery of new or additional facts, or your updating any information that may have formed the basis of any assumptions we made in developing our advice. In rendering advice, we will consider tax authorities that are subject to change, retroactively and/or prospectively, and any such changes could affect the advice we issue to you.

When, in the course of providing general tax consulting services, it is determined that the services would exceed the scope of this letter, preliminary engagement planning activities undertaken prior to the issuance of an engagement letter for the discrete tax consulting project are intended to be covered by this engagement letter.

Consent to Disclose and Use Tax Return Information

Federal law prohibits our disclosing, without your consent, your tax return information to third parties or our use of that information for purposes other than the preparation of your return. As part of offering our services to you, we may disclose your income tax return information to certain other entities or service providers including KPMG Global Services Private Limited (KGS), an entity that is situated in India and controlled by KPMG LLP, the United States member firm of KPMG International, and certain other KPMG International Member Firms, or any successor entity to KGS. In executing this engagement letter, you authorize KPMG to disclose your tax return information to KGS or its successor or such other third party service providers as you may request or as may be required for purposes of completing the services under this engagement letter. Your consent will be valid until such time as we have completed the services described in, and any services that are ancillary to, those described in this engagement letter.

Tax Return Preparation

If we do not receive all of the requested information by March 1, 2018 and you have returned to us a signed copy of this letter, we will automatically prepare, for your filing, a request for extension of time to file the applicable return(s). We will automatically file (either electronically or by paper) the extensions for which there are no tax payments due. By signing this engagement letter, you have authorized KPMG to file extensions with no tax payments due on your behalf.

We will prepare these returns from the information you submit. We will not audit or independently verify the data you submit. However, we may ask for clarification of some of the information. Our engagement cannot be

relied on to uncover errors, omissions, or irregularities, should any exist in the underlying information incorporated in the tax return(s). However, we will inform you of any such matters that come to our attention. Because management has ultimate responsibility for the tax return(s), please have the appropriate corporate officials review the return(s) before an officer signs and files the return(s).

Please note that if EFH had a taxable presence (e.g., an employee within the jurisdiction or any tangible property owned or rented within the jurisdiction) in a jurisdiction not listed above, it may be subject to income or franchise tax in that jurisdiction, depending upon the particular facts. It is EFH's obligation to notify KPMG if assistance is needed to determine whether the Company is liable for income or franchise tax or has a filing requirement in any jurisdiction not listed above.

All returns are subject to examination by the taxing authorities. In the event of an examination, the Company may be requested to produce documents, records, or other evidence to substantiate the items of income and deduction shown on the tax return(s). In preparing your return(s), we rely on your representations that you understand and have complied with applicable documentation requirements for EFH's income, expenses, deductions, and credits. If an examination occurs, and if you and we agree to have KPMG assist or represent EFH in the examination, any such additional services and the fee therefore would be set forth in a separate engagement letter.

Electronic Filing

KPMG will electronically file the returns and extensions we prepare for you that are subject to tax authority mandates. The filing instructions that KPMG provides to you will indicate the returns and extensions that KPMG has electronically filed on your behalf, if any, and will provide instructions and filing copies for your paper filing of the returns and extensions that were not electronically filed.

The KPMG electronic filing identification number (EFIN) will be included in certain e-filing documentation we will provide to you for the returns e-filed using KPMG-licensed software. The KPMG EFIN is proprietary to KPMG and Client is not authorized to use the KPMG EFIN for any purpose. If the e-filing services will be provided using Client-licensed software, the Client EFIN must be used for the e-filing.
