

SCHEDULES¹

TO

ASSET PURCHASE AGREEMENT

BY AND BETWEEN

TAMRA MINING COMPANY, LLC,

as BUYER,

and

CS MINING, LLC,

as SELLER

AUGUST [__], 2017

¹ While these schedules are substantially complete, Buyer and Seller reserve all rights to further review, negotiate and make non-material revisions to these schedules up to the Closing Date, subject to mutual written agreement.

These are Schedules referenced in the Asset Purchase Agreement, dated August [___], 2017 (the “Agreement”), by and among Tamra Mining Company, LLC, a Delaware limited liability company (“Buyer”) and CS Mining, LLC, a Delaware limited liability company (the “Seller” or the “Debtor”). Capitalized terms used but not otherwise defined in the body of this Agreement shall have the meanings set forth in the Agreement.

The information and disclosures contained herein are intended to qualify and limit the representations, warranties and covenants of the Seller contained in the Agreement and shall not be deemed to expand in any way the scope or effect of any such representations, warranties or covenants. These Schedules constitute an integral part of the Agreement and is hereby incorporated therein. There may be included in these Schedules and elsewhere in the Agreement items and information that are not “material,” and such inclusion shall not be deemed to be an acknowledgment or agreement that any such item or information (or any non - disclosed item or information of comparable or greater significance) is “material,” or to affect the interpretation of such term for purposes of the Agreement. Any disclosure made in this Schedule shall be deemed disclosed for purposes of all other sections or subsections of the Agreement to the extent reasonably apparent on its face. Matters reflected in these Schedules are not necessarily limited to matters required by the Agreement to be disclosed in these Schedules. No disclosure in these Schedules relating to a possible breach or violation of any Contract or Law shall be construed as an admission or indication that such breach or violation exists or has occurred. Neither the specification of any dollar amount in the representations and warranties contained in the Agreement nor the inclusion of any specific item in these Schedules in response to a disclosure obligation or as an exception to a representation or warranty shall be deemed an admission by Seller that such amounts, higher or lower amounts, the items so included or any undisclosed item or information of comparable or greater significance represents a material exception or fact, event or circumstance or that such item constitutes or would constitute a Material Adverse Effect, or that the items so included were required to be included in these Schedules. Any disclosures in this Schedule that refer to a document are qualified in their entirety by reference to the text of such document, including all amendments, exhibits, schedules and other attachments thereto. Any headings set forth in these Schedules are for convenience of reference only and shall not affect the meaning or interpretation of any of the disclosures set forth in these Schedules or the warranty against which such disclosure is made.

Schedule 2.1(g)

Process Facilities

Except as stated in Schedule 2.2(r) “Excluded Assets”; Any and all facilities, equipment, property, spares, ancillary equipment, and/or supporting equipment including but not limited to those listed in any of the Schedules above and/or below, as well as any other facilities, equipment, property, spares, ancillary equipment, and/or supporting equipment not listed here that reside in Juab, Millard, Beaver, Iron, and/or Washington County, Utah for which the Seller has full or partial ownership, agreements, and/or interest, and including but not limited to all assets of the Seller constituting, comprised within, or relating to, any of the following:

- Grinding Mill Plant
- Magnetite Processing Plant
- Flootation Plant
- Concentrate Drying Plant
- Leaching Plant
- Counter Current Decant Plant
- Flocc Plant
- Solvent Extraction Plant
- Boiler Building SX/EW
- Electrowinning Plant
- Tailings Booster Station
- Process Ponds
- Tailings Ponds/Facilities (ITDF + Flootation Tailings Ponds)
- Ground Water extraction and distribution System
- Power transmission, control and distribution System
- Laboratory
- Decantation Ponds

Schedule 2.1(h)

Furnishings, Equipment and Motor Vehicles, whether owned or leased by Seller

Except as stated in Schedule 2.2(r) "Excluded Assets," Any and All furnishings, equipment, property, and vehicles, including but not limited to those listed in any of the Schedules above and/or below, as well as any other furnishings, equipment, property, and vehicles not listed here that reside in Juab, Millard, Beaver, Iron, and/or Washington County, Utah for which the Seller has full or partial ownership, agreements, and/or interest, and including but not limited to all Seller's assets constituting, comprised within or relating to, any of the following:

Administration Structure

- All equipment including but not limited to computers, printers, scanners, desks, chairs and other office furnishings as held within the administration structure.
- All other office equipment, office equipment spares, manuals and consumables held within the offices and administration facilities of CS Mining
- All buildings and structures located on the CS Mining administration property located within the Milford township and surrounding areas.

Light Vehicle workshop area

- All tooling, machinery, spares and inventories within or associated with the light vehicle workshop and or its functions

Warehouse Area:

- All contents of the CS Mining warehouse area located within the CS Mining administration facility

Fuels and lubricants

- All Petroleum Fuel stocks held on site or within CS Mining properties at time of sale including but not limited to Gasoline, Kerosene, LPG gas, LNG Gas, Deisel Fuel Oils and lubricants.

Ores and other recoverable metal containing materials

- All Ore stocks held on all stockpiles including all contents of those ores held within any CS Mining owned or leased area
- All residual contents of the Floatation Tailings 5 acre pond
- All residual contents of the Flotation Tailings 25acre pond
- All stockpiles of recoverable metal bearing ores held on any leases or mining claims as listed herein

Ground Water Extraction Equipment

- All bore linings, bore pumps and associated piping, power and control equipment including any spares associated with ground water extraction and distribution owned or leased by CS Mining within any CS Mining held leases or mining claims.
- All tanks, pumps and associated equipment and spares used for storage and or distribution of water on any and all CS Mining owned or leased areas.

Electrical Power Transmission and Distribution

- All electrical power and power distribution equipment and spares owned or leased by CS Mining on or associated with the CS Mining site or within any CS Mining held leases or mining claims
- All electrical High voltage and or electrical Low voltage equipment and spares including but not limited to transformers, power factor correction equipment, breakers, distribution boards etc.

Scrap/Salvage Yard/Areas

- All contents of any scrap/salvage yards/areas within CS Mining owned or leased property including but not limited to the mining heavy machinery laydown area and process plant laydown areas

Road signs, notice boards and delineators

- All road way signs, notice boards delineators and associated equipment owned by CS Mining

Security Facilities

- All buildings, structures and equipment associated with security posts, gates and traffic controlling structures owned by CS Mining

Weighing and Measuring Equipment

- Any vehicle weighing equipment including any spares and installation equipment, manuals and warranties or other assets associated with truck weighing equipment owned or leased by CS Mining. Including equipment owned but not yet installed.

Mining Office (PNT-1)

- All equipment including but not limited to computers, printers, scanners, desks, chairs and other office furnishings as held within the mining office (PNT-1) building.

Drilling/Boring Equipment;

- All boring/drilling fixed or mobile machinery, spares and manuals associated with boring/drilling equipment owned or leased by CS Mining

Mining equipment workshop area;

- All tooling, machinery, spares and inventories within or associated with the heavy equipment workshop and or its functions

Surveying Equipment:

- All surveying equipment owned or leased including but not limited to, Drones, Base Stations, survey poles etc.

Portable or Semi-Portable Structures

- PNT-1 Mining office
- PNT-2 Mining Utility structure
- PNT-3 Project Office

Drill Core Stocks

- All Drill core stored on site or other CS owned locations or held by any 3rd party on CS Mining's behalf

Processing Areas;

Grinding/Milling spares and inventories

- All Grinding media/ balls
- Mill lining spares
- Cyclone spares and liners
- Pump and piping spares including all stocks of piping, fittings, fastening devices and lengths of any metallic or synthetic piping materials
- Screen decking materials and other spares associated with screening equipment
- All electrical spares, instrumentation, control systems and software associated with the Grinding area.

Flotation process spares and inventories

All stocks of reagents purchased for use in the flotation process including but not limited to;

- Frother chemicals
- Collector chemicals
- pH modifiers
- flocculants

- Pump and piping spares including all stocks of piping, fittings, fastening devices and lengths of any metallic or synthetic piping materials
- All electrical spares, instrumentation, control systems and software associated with the Grinding area.

Leaching process spares and inventories

- Sulphuric Acid stocks held in tanks and piping systems
- Pump and piping spares including all stocks of piping, fittings, fastening devices and lengths of any metallic or synthetic piping materials
- All electrical spares, instrumentation, control systems and software associated with the Grinding area.

Solvent Extraction process spares and inventories

- Diluent stocks
- Extractant stocks
- Montmorillonite Clay stocks or any equivalent 'Clay' products purchased for the treatment of Solvent extraction Organic solution
- Diatomaceous earth stocks
- All spare pumps, motors, Agitators, Gearboxes, shafts, impellers, Motor Drives and associated spares held on site
- All spare piping components including all pipe materials, fittings, nuts, bolts washers securing equipment etc.
- All stocks of structural materials including any and all grades of steel components and sections including Stainless Steel products
- All electrical spares, instrumentation, control systems and software associated with the Solvent Extraction area.

Electrowinning Process spares and inventories

- Garnet stocks
- Anthracite stocks
- Guar/starch product stocks
- Cobalt Sulphate stocks
- Ferrous Sulphate Stocks
- Mist suppressant stocks
- Anode Spares including spacers
- Cathode Mother plate spares including edge strips
- Cathode bundling steel strapping and crimp stocks
- Mist Suppressant Ball stocks

- All spare pumps, motors, Agitators, Gearboxes, shafts, impellers, Motor Drives and associated spares held on site
- All spare piping components including all pipe materials, fittings, nuts, bolts washers securing equipment etc.
- All stocks of structural materials including any and all grades of steel components and sections including Stainless Steel products
- All electrical spares, instrumentation, control systems and software associated with the Electrowinning area.

Boiler Building area spares and inventories

- All Reverse Osmosis plant spares including but not limited to, filter media and filter cartridges
- All Boiler plant spares and consumables associated with the Boilers
- All reagent addition plant spares and consumables

Laboratory area spares and inventories

- All equipment owned or leased associated with laboratory operations
- All stocks of chemicals held for the purpose of laboratory activities
- All spares and consumables associated with the operation of the laboratory

Mineral and Metallic Assets

Ores and other recoverable metal containing materials;

- All Ore stocks held on all stockpiles including all contents of those ores held within any CS Mining owned or leased area
- All residual contents of the Flootation Tailings 5 acre pond
- All residual contents of the Flotation Tailings 25acre pond
- All stockpiles of recoverable metal bearing ores held on any leases or mining claims as listed herein

Copper and other metallic Inventories

All metal contents held by CS Mining on or within all private property, leased property or Mining claims in either solid or dissolved form including but not limited to;

- Cathode copper on mother plates in electrowinning plant at time of sale
- Cathode copper on mother plates external to electrowinning cells at time of sale
- Cathode copper scrap held on site at time of sale
- Cathode copper in bundled stock held on site at time of sale which has not been on sold.

- All stocks of Concentrate products held on site or within CS Mining's custody including all recoverable metal contents within those stocks.
- All Copper and other metals held in solutions or solids within the process plant, process ponds and ITDF facility

- Cyclone spares and liners
- Pump and piping spares including all stocks of piping, fittings, fastening devices and lengths of any metallic or synthetic piping materials
- Screen decking materials and other spares associated with screening equipment
- All electrical spares, instrumentation, control systems and software associated with the Grinding area.

Floatation process spares and inventories:

All stocks of reagents purchased for use in the floatation process including but not limited to;

- Frother chemicals
- Collector chemicals
- pH modifiers
- flocculants
- Pump and piping spares including all stocks of piping, fittings, fastening devices and lengths of any metallic or synthetic piping materials
- All electrical spares, instrumentation, control systems and software associated with the Grinding area.

Leaching process spares and inventories:

- Sulphuric Acid stocks held in tanks and piping systems
- Pump and piping spares including all stocks of piping, fittings, fastening devices and lengths of any metallic or synthetic piping materials
- All electrical spares, instrumentation, control systems and software associated with the Grinding area.

Solvent Extraction process spares and inventories:

- Diluent stocks
- Extractant stocks
- Montmorillonite Clay stocks or any equivalent 'Clay' products purchased for the treatment of Solvent extraction Organic solution
- Diatomaceous earth stocks
- All spare pumps, motors, Agitators, Gearboxes, shafts, impellers, Motor Drives and associated spares held on site
- All spare piping components including all pipe materials, fittings, nuts, bolts washers securing equipment etc.
- All stocks of structural materials including any and all grades of steel components and sections including Stainless Steel products
- All electrical spares, instrumentation, control systems and software associated with the Solvent Extraction area.

Electrowinning Process spares and inventories:

- Garnet stocks
- Anthracite stocks
- Guar/starch product stocks
- Cobalt Sulphate stocks
- Ferrous Sulphate Stocks
- Mist suppressant stocks
- Anode Spares including spacers
- Cathode Mother plate spares including edge strips

Employees

Schedule 7.10(a)

Employee Benefit Obligations

ALL BENEFITS PLAN IT HAS EVER MAINTAINED OR TO WHICH IT HAS CONTRIBUTED OR UNDER WHICH IT HAS INCURRED LIABILITY, REGARDLESS OF WHETHER LIABILITY IS CURRENTLY PENDING

CS Mining maintains a 401k plan for which there is no current liability. All employees in the plan are fully vested and their accounts have been funded with both employee contributions and employer matching contributions. CS Mining has never had a qualified pension plan.

ONGOING BENEFITS PLAN MAINTAINED BY DEBTOR OTHER THAN THE COBRA SCHEME

None.

UNEMPLOYMENT BENEFITS LIABILITY

Tamra Mining Company LLC will be considered a 'Successor' to CS Mining with regard to unemployment. Currently there are some former employees drawing unemployment; however, the funds have been paid to the State of Utah on a per pay period basis and there is no current liability. Successor would be liable for any future claims for unemployment paid on a biweekly basis per payroll cycle going forward. As a successor, the unemployment rate payable to the State of Utah would be 2.3% per employee based upon, and up to, \$33,100 per employee per year. There is no current outstanding liability.
