**Fixed Fee Services**

---

16. During the Fee Period, PwC professionals provided auditing and accounting services to the Debtors in connection with the Debtors' business and on-going operations as well as tracked their daily hours, annexed hereto as Exhibit B and Exhibit C.

17. **Independent Audit Services – 2017 Integrated Audit Services** - During the Fee Period, PwC professionals continued their performance of year-end audit services over the Debtors' year to date results and ending balance sheet accounts for the year ended December 31, 2017. PwC professionals conducted the audit in accordance with auditing standards generally accepted in the United States of America. Our audit procedures consisted principally of performing substantive testing procedures over material income statement and balance sheet accounts through a variety of sampling of individual transactions and targeting material activity throughout the year. These procedures include obtaining audit evidence such as third party confirmations, contracts and key documents, and obtaining detailed transaction level support (i.e. copies of invoices, shipping records, etc.) from management. These procedures also included tests of certain key controls within the Debtors' business processes and the performance of analytical procedures and making inquiries of persons responsible for financial and accounting matters and other procedures that address significant accounting and reporting matters relating to year-end financial information to be reported. As noted within the Retention Application, incremental audit procedures were needed associated with the Debtors' financial statements and those services and hours are provided within the 'Hourly Services' section of this Application, *Incremental Accounting Services*.

---

**Hourly Services**

---

18. During the Fee Period, PwC professionals provided auditor services to the Debtors in connection with analyses of the Debtors' business and on-going operations. The hourly time records of PwC, annexed hereto as Exhibit D and Exhibit E, provide a summary and daily breakdown of the time spent by each PwC timekeeper for these hourly and case administration activities.

19. **Incremental Accounting Services – Bankruptcy Technical Accounting and/or Financial Reporting Services** - As a result of the Debtors' bankruptcy proceedings and consistent with Independent Audit Services, incremental audit procedures are necessary for bankruptcy specific items, such as special requests from Debtors' management and related procedures for transactions specific to the consolidated annual financial statements. PwC professionals performed incremental accounting & review procedures for the consolidated annual financial statements, such procedures included goodwill and asset impairment considerations, assessment of the Company's accounting for the post-petition fees incurred directly related to the bankruptcy, consultation on the disclosures related to changes in the Debtors' ability to continue as a going concern given the filing of these chapter 11 cases, evaluation of the Debtors' classification and presentation of liabilities subject to compromise on the balance sheet, and other potential restructuring impacts. Incremental auditing services were also performed over the reporting disclosures required under applicable accounting standards for Debtors' reporting while in bankruptcy. Finally, PwC professionals assessed the key controls which were implemented by the Debtors to manage the risk related to bankruptcy accounting and reporting.

20. **Incremental Accounting Services – Additional Accounting and Auditing Procedures** – During the Fee Period, in accordance with the terms of services previously approved by the Debtors' Board, PwC continued to perform additional accounting and auditing services

related to special projects that were not originally contemplated in the Fixed Fee Services. Such services related to incremental work on the realizability and measurement of deferred tax assets, incremental work given the enactment of the Tax Cuts and Jobs Act, enacted on December 22, 2017, and procedures over the annual impairment analysis for indefinite-lived assets (FCC Broadcast Licenses) and goodwill. During the Fee Period, PwC also incurred incremental time associated with the extended filing timeline, rework, and general request delays.

21. **Incremental Accounting Services – Revenue Recognition Services** – During the Fee Period, in accordance with the terms of services previously approved by the Debtors’ Board, PwC continued to provide accounting and auditing services related to the Debtors’ implementation of the new revenue recognition standard as required by the generally accepted accounting principles in the United States of America. The new standard’s transition guidance required an analysis and corresponding disclosure of the impact of the new standard on the Debtor, including the impact to financial statements, internal control environment, and accounting policies. PwC’s procedures during the Fee Period included auditing the Debtors’ analysis to ensure compliance with the accounting guidance in the new revenue standard as well as assessment of the Debtors’ key controls on the implementation of the new revenue standard.

#### **Case Administration**

---

22. **Employment Applications and Other Court Filings** - PwC's bankruptcy retention and billing professional undertook the tasks and analysis of reviewing the Retention Application and associated Court filings to employ PwC by the Debtors.

23. **Monthly, Interim and Final Fee Applications** - These hours and corresponding fees represents the additional time incurred by PwC’s bankruptcy retention and billing advisor to prepare the Monthly Fee Statement in accordance with the Compensation Guidelines. All of these services are incremental to the normal billing procedures performed by PwC for its non-bankruptcy

audit clients. During the Fee Period, PwC bankruptcy retention and billing advisor worked with the various management professionals on the financial advisory services team to provide guidance and technical expertise associated with the compliance with the Compensation Guidelines as well as the review and preparation of the first Monthly Fee Statement.

24. The fees sought by this Monthly Fee Statement reflect an aggregate of 4,382.50 hours of professional time spent and recorded in performing services for the Debtors and its estates during the Fee Period at a blended average hourly rate of \$228.70. PwC is only seeking compensation for services rendered for the debtors and debtors in possession and its estate in connection with these cases.

#### **Summary of Expenses Incurred**

25. Based upon a review of PwC's internal billing records, PwC professionals incurred out-of-pocket expenditure during the Fee Period.<sup>4</sup> The expense records of PwC, annexed hereto as Exhibit F and Exhibit G, provide a summary and daily breakdown of the time spent by each PwC timekeeper.

26. PwC professionals are adhering to our internal expense policy regarding the processing and treatment for expenditures and when/how to charge clients. These policies outline the importance of using the most cost effective and economical treatment for expenses. PwC utilizes American Express Travel Services and on-line reservation systems to search for cost-efficient expenses, including airfare, lodging and rental cars, as well as ensuring the safety of our professionals (e.g. allowing transportation home if working late). Mileage expense reimbursement is calculated automatically through our expense reports when each professional enters the total miles, starting location and ending location per the IRS guidelines effective on the date of travel.

---

<sup>4</sup> PwC's standard practice is to treat certain expenses as having been incurred when such obligations are recorded and reflected as payable in PwC's accounting system. Accordingly, reimbursement for certain disbursements incurred during the Statement Period may still be pending submission and will be requested in future statement periods.

Our internal policies also state the non-reimbursable expenses per PwC's travel and expense policy. In addition to our internal expense policy, PwC's bankruptcy retention and billing professionals review the expense submissions and request additional documentation from the professionals, as needed, to ensure compliance with the Compensation Guidelines.

**Reasonable and Necessary Services Rendered by PwC**

27. This Monthly Fee Statement includes details of the services provided by PwC for the Debtors, including, in each instance, the identity of the professionals involved in the provision of such services, the dates of service, the time expended, and a brief description of the services sought. The services detailed above were reasonable and necessary in order for PwC to perform its duties and obligations for the Debtors and this Bankruptcy Court, applying PwC's usual and customary billing rates for the types of services performed, except where, as noted, discounts were applied in accordance with the engagement letters. Billing rates are subject to change and are reviewed and adjusted periodically.

28. Although every effort has been made to include all fees and expenses incurred in the Monthly Fee Statement, some fees and expenses might not be included in this Monthly Fee Statement due to delays caused by our internal accounting and processing procedures. PwC reserves the right to make further application to this Bankruptcy Court for allowance of such fees and expenses not included herein. Subsequent Monthly Fee Statements will be filed in accordance with the Compensation Guidelines.

**Requested Compensation Should be Allowed**

29. Section 331 of the Bankruptcy Code provides for interim compensation of professionals and incorporates the substantive standards of Section 330 of the Bankruptcy Code to govern the Court's award of such compensation. 11 U.S.C. § 331. Section 330 provides that a Court may award a professional employed under Section 327 of the Bankruptcy Code "reasonable

compensation for actual, necessary services rendered and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1). Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded, the court should consider the nature, extent, and the value of such services, taking into account all relevant factors, including --

- (a) the time spent on such services;
- (b) the rates charged for such services;
- (c) whether the services were necessary to the administration of, or beneficial at the time which the service was rendered toward the completion of, a case under this title;
- (d) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (e) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and expertise in the bankruptcy field, and;
- (f) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330.

30. In accordance with the factors enumerated in section 330 of the Bankruptcy Code, it is respectfully submitted that the amount requested by PwC is fair and reasonable given (a) the complexity of the case, (b) the time expended, (c) the nature and extent of the services rendered, (d) the value of such services, and (e) the costs of comparable services other than in a case under the Bankruptcy Code.

31. In rendering these services, PwC made every effort to maximize the benefit for the debtors and debtors in possession and to work with other professionals employed in the case to avoid duplication of effort. PwC believes that the level of services rendered to achieve the results obtained for the benefit of the Debtors' estates was reasonable in light of the number and

complexity of the issues involved in this case at the time the services were rendered. PwC judiciously allocated responsibilities to minimize possible duplication of effort.

### **Certificate of Compliance and Waiver**

32. To the best of its knowledge, PwC believes that this Monthly Fee Statement and the description of services set forth herein of work performed are in compliance with the requirements as outlined within the Compensation Guidelines, as well as its Retention Order which granted a limited waiver of the information requirements relating to compensation requests set forth in the Local Rules; *provided, however*, PwC shall be excused from keeping time records for services rendered in one-tenth (0.1) of an hour increments, and instead PwC shall be allowed to submit records of time in half-hour (0.5) increments. To the extent that this Monthly Fee Statement does not comply in all respects with the requirements of the Compensation Guidelines, PwC believes that such deviations are not material and respectfully requests that such requirements be waived.

### **Notice**

33. PwC has provided notice of the Monthly Fee Statement to: (a) the Standard Parties; and (b) the Rule 2002 Parties set forth in the *Order Pursuant to 11 U.S.C. § 105(a) and Fed. R. Bankr. P. 1015(c), 2002(m), and 9007 Implementing Certain Notice and Case Management Procedures* [ECF No. 101]. In light of the nature of the relief requested, PwC respectfully submits that no further notice is necessary.

### **Conclusion**

34. PwC respectfully submits that the Total Compensation Amount requested herein is reasonable compensation for the actual and necessary services rendered based upon the time, nature and value of such services. PwC further asserts that the costs of services rendered and expenses incurred are comparable to the cost of similar services and expenses in matters other than

under the Bankruptcy Code and consistent with PwC's Retention Application. In summary, by this Monthly Fee Statement, PwC requests interim approval of compensation for fees and expenses in the total amount of \$818,908.09, consisting of: (a) \$801,833.60 which is 80% of the fees, \$1,002,292.00 incurred on behalf of the Debtors for reasonable and necessary professional services rendered by PwC; and (b) \$17,074.49 for actual and necessary costs and expenses.

WHEREFORE, PwC requests that they be allowed reimbursement for fees and expenses incurred during the Fee Period and that such fees and expenses be paid as administrative expenses of the Debtors' estates.
