**GLOBAL NOTES AND STATEMENT OF LIMITATIONS,
METHODOLOGY, AND DISCLAIMER REGARDING
DEBTORS' SCHEDULES AND STATEMENTS**

- ALL DEBTORS (CONSOLIDATED) -

The Schedules of Assets and Liabilities and Statements of Financial Affairs (the "Schedules and Statements") filed by Frontier Airlines Holdings, Inc. ("Holdings") and two of its direct subsidiaries (collectively, the "Affiliate Debtors," and collectively with Holdings, the "Debtors") in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court") were prepared pursuant to section 521 of title 11 of the United States Code (the "Bankruptcy Code") and rule 1007 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules") by management of the Debtors and are unaudited. The Schedules and Statements remain subject to further review and verification by the Debtors. Subsequent information may result in material changes to the Schedules and Statements, and because the Schedules and Statements contain unaudited information that is subject to further review and potential adjustment, there can be no assurance that these Schedules and Statements are complete. The Debtors reserve their right to amend their Schedules and Statements from time to time as may be necessary or appropriate, including the right to dispute or otherwise assert offsets or defenses to any claim reflected on the Schedules and Statements as to amount, liability or classification, or to otherwise subsequently designate any claim as "disputed," "contingent" or "unliquidated." Furthermore, nothing contained in the Schedules and Statements shall constitute a waiver of rights with respect to these chapter 11 cases and specifically with respect to any issues involving substantive consolidation, equitable subordination or causes of action arising under the provisions of chapter 5 of the Bankruptcy Code and other relevant non-bankruptcy laws to recover assets or avoid transfers. These Global Notes and Statement of Limitations, Methodology, and Disclaimer Regarding Debtors' Schedules and Statements (the "Global Notes") are

incorporated by reference in, and comprise an integral part of, the Schedules and Statements, and should be referred to and considered in connection with any review of the Schedules and Statements.

1. Description of the Cases and “As Of” Information Date. On April 10, 2008 (the “Petition Date”), the Debtors each filed a voluntary petition with the Bankruptcy Court for reorganization under chapter 11 of the Bankruptcy Code. The cases have been consolidated for the purpose of joint administration under case number 08-11298 (RDD). The Debtors are currently operating their businesses as debtors-in-possession pursuant to the Bankruptcy Code. Each Debtor’s current fiscal year ends on March 31 of each year. All asset and liability information, except where otherwise noted, is as of April 10, 2008.
2. Basis of Presentation. For financial reporting purposes, the Debtors prepare consolidated financial statements that are filed with the Securities and Exchange Commission (the “SEC”) and that are audited annually. Unlike the consolidated financial statements, these Schedules and Statements reflect the separate assets and liabilities of each individual Debtor. These Schedules and Statements do not purport to represent financial statements prepared in accordance with Accounting Principles Generally Accepted in the United States (“GAAP”), nor are they intended to reconcile to the financial statements filed by the Debtors with the SEC.
3. Confidentiality. In a limited number of instances within the Schedules and Statements, amounts have been left blank or listed as “confidential.” Due to the confidential nature of certain agreements between the Debtors and third parties, the Debtors have deemed it appropriate and necessary to avoid listing such amounts.
4. Summary of Significant Reporting Policies. The Debtors use a consolidated cash management system through which the Debtors collect substantially all receipts and pay liabilities and expenses. In certain instances, the recording of cash transactions is governed by agreements between the Debtors. Accordingly, cash receipts and disbursements for all Debtors may be recorded on the books and records of Frontier Airlines, Inc. Intercompany journal entries are utilized to record transactions affecting revenues, expenses, assets and liabilities in the proper Debtor location.
5. Foreign Currency. Unless otherwise indicated, all amounts are reflected in U.S. dollars, and, as applicable, translated from other currencies using exchange rates as of March 31, 2008.
6. Debtors. Inter-company balances and interests in subsidiaries have been set forth in the Schedules and Statements to the best of the Debtors’ knowledge, information and belief at book value.
7. Book Value. Unless otherwise noted, assets and liabilities of each Debtor are shown on the basis of the net book value as of April 10, 2008, in accordance with the Debtors’ books and records. Thus, unless otherwise noted, the Schedules and Statements

reflect the carrying value of the assets and liabilities as recorded on the Debtors' books, and are not based upon any estimate of their current market value.

8. Estimates. To close the books and records of the Debtors as of the Petition Date, management was required to make estimates, allocations and assumptions that affect the amounts of assets and liabilities as of April 10, 2008 and reported revenue and expenses for the period ending April 10, 2008.

9. Inventories. Inventories are valued at the lower of cost or market value. Costs are determined using average costing methods and are charged to operations as consumed. Additionally, all inventories and plant and equipment are presented without consideration of any statutory or consensual liens.

10. Property and Equipment. Interest expenses related to the acquisition of certain property and equipment are capitalized as an additional cost of the asset. Costs of major improvements that enhance the usefulness of the asset are capitalized and depreciated over the estimated useful life of the asset or the modifications, whichever is less. Depreciation expense for principal asset classifications is calculated on a straight-line basis to an estimated residual value. Depreciable lives are 20-25 years for aircraft with a residual value of 25%, 10 years for aircraft spare parts with a 10% residual value, 3 to 5 years for other ground property and equipment, and leasehold improvements are depreciated over the lesser of the term of the lease or the life of the improvement.

11. Leases. The Debtors have not included in the Schedules and Statements the future obligations of any leases. To the extent that there was an amount due as of the Petition Date, the creditor has been included in Schedule F. All lease agreements have been included in Schedule G.

12. Recoveries and Causes of Action. The Debtors have included various recoveries and causes of action as assets in the Schedules and Statements. Regardless of the recoveries and causes of action listed, the Debtors reserve all of their rights with respect to all causes of action, included but not limited to avoidance actions, and neither these Global Notes nor the Schedules and Statements shall be deemed a waiver of the right to pursue any such causes of action or recovery.

13. Taxes. The Debtors are required to file tax returns and various other tax related forms with many taxing authorities. These filings commonly result in either tax refunds or additional tax related liabilities. There are no known tax refunds as of the filing date; thus, a listing of all taxing authorities has not been included in Schedule 18.

Claims listed on the Debtors' Schedule E include claims owing to various taxing authorities to which the Debtors may potentially be liable. However, certain of such claims may be subject to on-going audits and the Debtors are otherwise unable to determine with certainty the amount of many, if not all, of the claims listed on Schedule E. Therefore, the Debtors have listed all such claims as unknown in amount, pending final resolution of ongoing audits or other outstanding issues. The Debtors reserve their

right to dispute or challenge whether such claims are entitled to priority.

14. Future Aircraft Purchases. The Debtors have a number of aircraft on firm order. The Debtors have included all vendors with whom future purchase obligations exist in Schedule F with the amounts unknown and designated as contingent and unliquidated.

15. Schedule D. Except as otherwise agreed pursuant to a stipulation or agreed order or general order entered by the Bankruptcy Court, the Debtors reserve their rights to dispute or challenge the validity, perfection or immunity from avoidance of any lien purported to be granted or perfected in any specific asset to a secured creditor listed on Schedule D of any Debtor. Moreover, although the Debtors may have scheduled claims of various creditors as secured claims, the Debtors reserve all rights to dispute or challenge the secured nature of any such creditor's claim or the characterization of the structure of any such transaction or any document or instrument (including without limitation, any inter-company agreement) related to such creditor's claim. In certain instances, a Debtor may be a co-obligor, co-mortgagor or guarantor with respect to scheduled claims of other Debtors, and no claim set forth on Schedule D of any Debtor is intended to acknowledge claims of creditors that are otherwise satisfied or discharged by other entities. The descriptions provided in Schedule D are intended only to be a summary. Reference to the applicable loan agreements and related documents is necessary for a complete description of the collateral and the nature, extent and priority of any liens. Nothing in the Global Notes or the Schedules and Statements shall be deemed a modification or interpretation of the terms of such agreements.

The amounts listed in Schedule D for loans related to aircraft purchases are principal amounts due as of the Petition Date and do not include accrued interest. In certain instances, both pre-petition and post-petition interest, as well as scheduled principal payments, have been paid to creditors since the Petition Date. Further payments of interest and principal are expected to be made. Additionally, as part of the sale of two aircraft in May 2008, the Debtors have made accelerated principal payments on certain loans (\$2.0M each for aircraft #913 and #916). The amounts listed in Schedule D reflect the sale of two A319 aircraft (#N909R and #N917R) in May 2008 and a sale-leaseback transaction in August 2008 (#N948).

16. Schedule F: Creditors Holding Unsecured Non-Priority Claims. Schedule F does not include certain deferred charges, deferred liabilities or general reserves. Such amounts are general estimates of liabilities and do not represent specific claims as of the Petition Date; however, they are reflected on the Debtors' books and records as required in accordance with GAAP.

The claims listed in Schedule F arose or were incurred on various dates. In certain instances, the date on which a claim arose is an open issue of fact. While commercially reasonable efforts have been made, determining the date upon which each claim in Schedule F was incurred or arose would be unduly burdensome and cost prohibitive and, therefore, the Debtors do not list a date for each claim listed on Schedule F.

Schedule F contains information regarding potential, pending and closed litigation involving the Debtors. In certain instances, the Debtor that is the subject of the litigation is unclear or undetermined. However, to the extent that litigation involving a particular Debtor has been identified, such information is contained in the Schedule for that Debtor.

17. Schedule G. The businesses of the Debtors are complex. While commercially reasonable efforts have been made to ensure the accuracy of Schedule G, inadvertent errors, omissions or over-inclusions may have occurred. The Debtors hereby reserve all of their rights to dispute the validity, status, or enforceability of any contracts, agreements or leases set forth in Schedule G and to amend or supplement such Schedule as necessary. The contracts, agreements and leases listed on Schedule G may not have taken effect or be binding on any party and may have expired or been modified, amended, or supplemented from time to time by various amendments, restatements, waivers, estoppel certificates, letter and other documents, instruments and agreements which may not be listed therein.

Certain of the real property leases and contracts listed on Schedule G may contain renewal options, guarantees of payments, options to purchase, rights of first refusal, rights to lease additional space and other miscellaneous rights. Such rights, powers, duties and obligations are not set forth on Schedule G.

Certain of the agreements listed on Schedule G may be in the nature of conditional sales agreements or secured financings. The presence of these agreements or any other agreements on Schedule G does not constitute an admission that any such agreement is an executory contract or unexpired lease.

The Debtors reserve all of their rights, claims and causes of action with respect to the contracts and agreements listed on the Schedule, including the right to dispute or challenge the characterization or the structure of any transaction, document, or instrument. Certain executory agreements may not have been memorialized in writing and could be subject to dispute. Generally, executory agreements that are oral in nature have not been included in the Schedule. Schedule G generally does not include stand-alone equipment purchase orders. Additionally, the Debtors may be parties to various other agreements concerning real property, such as easements, rights of way, subordination, non-disturbance, supplemental agreements, amendments/letter agreements, title documents, consents, site plans, maps and other miscellaneous agreements. Such agreements, if any, are not set forth in Schedule G.

Certain of the contracts, agreements and leases listed on Schedule G may have been entered into by more than one of the Debtors. Such contracts, agreements and leases are listed on Schedule G of each such Debtor.

18. Schedule H: Co-Debtors. In the ordinary course of their businesses, the Debtors are involved in pending or threatened litigation and claims arising out of the conduct of their businesses. These matters may involve multiple plaintiffs and

defendants, some or all of whom may assert cross-claims and counter-claims against other parties. Because such claims are listed elsewhere in the Schedules and Statements, they have not been set forth individually on Schedule H.

Schedule H also reflects guarantees by various Debtors. The Debtors may not have identified certain guarantees that are embedded in the Debtors' executory contracts, unexpired leases, secured financings, debt instruments and other such agreements. Further, the Debtors believe that certain of the guarantees reflected on Schedule H may have expired or no longer enforceable. Thus, the Debtors reserve their right to amend the Schedules to the extent that additional guarantees are identified or such guarantees are discovered to have expired or unenforceable.

19. Umbrella Agreements. A number of contracts listed in the Schedules and Statements are umbrella agreements that cover some or all of the Debtors. Such agreements have been listed in the Schedules and Statements of the Debtor that was the main signatory to the agreement, although more than one of the Debtors may be obligated under the agreement.

20. Employee Claims. The Debtors employed approximately 6,115 staff in the United States prior to the Petition Date. The Bankruptcy Court entered first day orders granting the authority, but not the obligation, to the Debtors to pay pre-petition employee wages, salaries, severance, benefits and other obligations in the ordinary course. Accordingly, only employee-related claims by and against the Debtors for pre-petition amounts due that have not been paid as of the time that the Schedules and Statements were prepared by the Debtors, including employee-related claims for items not authorized to be paid by order of the Bankruptcy Court, have been included in the Schedules and Statements. For similar reasons, the Debtors have omitted from their response to Question 3.b. the many thousands of payments made to employees within 90 days of the Petition Date, although payments made to insiders who are also employees have been included in the response to Question 3.c.

Included in the benefits and obligations that the Debtors have authority to pay are workers' compensation claims. The Debtors provide workers' compensation coverage primarily through self-insured programs to its employees. Individual losses greater than \$500,000 are insured through a third party insurer. Additionally, the Debtors pay a third party to administer the claims. As of the Petition Date, there are numerous claims filed by employees that will be processed in the ordinary course and that have not been included in the Schedules and Statements.

21. Interline Agreements. The Bankruptcy Court entered first day orders granting the authority, but not the obligation, to the Debtors to make all payments relating to certain multi-lateral interline agreements, clearinghouse agreements and Airlines Reporting Corporation agreements. In addition, first day orders grant the Debtors the authority (but not the obligation) to honor pre-petition obligations relating to reservation system agreements, billing and settlement agreements, code share agreements, GDS agreements, into-plane service company agreements, travel agency agreements, online

fulfilment agreements, cargo agreements and domestic alliance agreements. Accordingly, all related liabilities as of the Petition Date that have been paid have been excluded from the Schedule F, although the agreements may be listed on Schedule G.

22. Customer Obligations. The Bankruptcy Court entered first day orders granting the authority, but not the obligation, to the Debtors to perform, continue, renew and replace all customer-related programs. Customer related programs cover barter agreements, advanced ticket sales and charter sales programs, travel credit programs, ticket holder claims, corporate incentive programs and frequent flier programs. Accordingly, most customer liabilities as of the Petition Date have been excluded from Schedule F although the agreements may be listed on Schedule G.

23. Claims Paid Pursuant to Court Orders. Certain of the Debtors' Schedules and Statements list creditors and set forth the Debtors' estimate of the claims of creditors as of April 10, 2008. The Bankruptcy Court has authorized but not obligated the Debtors to pay various pre-petition claims, including claims of certain customers, employees, critical vendors, foreign vendors and critical service providers. Accordingly, the actual unpaid claims of creditors that may be allowed in these cases may differ from the amounts set forth in the Schedules and Statements.

24. Personal Travel. Certain officers and director-level Employees have access to "limited positive space" travel. In addition, all employees of the Debtors have access to "space-available" personal travel. Such travel is subject to excess availability (and valued at zero) and has therefore not been included in the Schedules and Statements.

25. Insiders. The Debtors have included all payments and awards made over the twelve months preceding the filing to any individual deemed an insider. Included in the value reflected are cash payments to or for the benefit of the insider; restricted stock grants valued at the closing price of the stock at the grant date; and stock options valued at the Black-Scholes value on the date of the grant. In addition all inter-company activity between the Debtors has not been included, instead inter-company balances as of March 31, 2008 have been listed.

26. Excluded Assets and Liabilities. The Debtors have excluded certain categories of assets and liabilities from the Statements and Schedules, including accrued salaries, employee benefit accruals, air traffic liabilities and deferred gains. Other immaterial assets and liabilities may also have been excluded.

27. Litigation. Certain litigation and environmental actions reflected as claims against Frontier Airlines, Inc. may relate to any of the other Debtors. The Debtors have made commercially reasonable efforts to record these actions in the Schedules and Statements of the Debtor that is party to the action.

In addition, the Debtors have excluded details relating to federal and state agency discrimination charges, labor arbitration and grievance claims, and government civil penalty actions. Discrimination charges have been excluded to protect the privacy

interests of the charging parties and because the majority of such claims generally will not result in actual litigation. Labor arbitration and grievance claims are omitted to protect the privacy interests of the grieving party. Government civil penalty actions were excluded due to confidentiality and privacy concerns.

28. Causes of Action. The Debtors, despite their efforts, may not have listed all of their causes of action against third parties as assets in the Schedules and Statements. The Debtors reserve all of their rights with respect to any causes of action they may have and neither these Global Notes nor the Schedules and Statements shall be deemed a waiver of any such causes of action.

29. Disputed, Contingent and/or Unliquidated Claims. Schedules D, E and F permit each of the Debtors to designate a claim as disputed, contingent and/or unliquidated. A failure to designate a claim on any of these Schedules as disputed, contingent and/or unliquidated does not constitute an admission that such claim is not subject to objection. The Debtors reserve the right to dispute, or assert offsets or defences to, any claim reflected on these Schedules as to amount, liability or status.

30. Guarantees. There are agreements with certain of the Debtors that are guaranteed by one or more of the other Debtors. Guarantees have generally been included in Schedules of the guarantor Debtor as “CUD” with an “unknown” number unless otherwise specified.

31. Self Insured. The Debtors are self-insured for a number of medical and workers compensation plans. Administrators of the plans have been listed on Schedule G.

32. Setoffs. The Debtors routinely incur setoffs from third parties during the ordinary course of business. Setoffs in the ordinary course can result from various routine transactions, including intercompany transactions, counterparty settlements (in particular, interline ticketing setoffs with other carriers), pricing discrepancies, and other disputes between the Debtors and third parties. These normal setoffs are consistent with the ordinary course of business in the Debtors’ industries. Therefore, such ordinary course setoffs are excluded from the Debtors’ responses to Question 13 of the SOFAs.

33. Property Held for Another. The response to Question 14 discloses aircraft parts owned by a supplier and held on consignment by the Debtors. The response excludes property borrowed on a temporary basis from other carriers since, in the ordinary course of business, the Debtors exchange parts with other airlines for brief periods to address urgent operational needs. Aircraft equipment provided under a formal lease is listed with the contracts disclosed in Schedule G.

(1) Not all of the accounts listed for a given bank are serviced at the address shown; certain accounts may be serviced at one of the other branches.

(2) At March 31, 2008, the fair values of the auction rate securities ("ARS") which have a par value of \$8,800,000, all of which are collateralized by student loan portfolios and are guaranteed by the United States Government, were estimated through discounted cash flow models. These models consider, among other things, the timing of expected future successful auctions, collateralization of underlying security investments and the credit worthiness of the issuer. Beginning in February 2008, the auctions for most of the Company's holdings in ARS were unsuccessful, resulting in the Company continuing to hold them beyond their typical auction reset dates. As a result of the lack of liquidity in the ARS market and not as a result of the quality of the underlying collateral, for the year ended March 31, 2008, we recorded an unrealized loss on our ARS of \$299,000, which is reflected in accumulated other comprehensive loss in our condensed consolidated balance sheet. In addition to adjusting the carrying value of our ARS, if the assessment of the valuation adjustment in future periods is other than temporary, the Company would record an impairment charge through the Statement of Operations.

(1) The Debtor maintains operations at a number of locations in the United States and internationally. Refer to Exhibit B1(a) for a listing of locations in which the Debtor may operate.

(2) As required by aircraft lease agreements, the debtor has prepaid for maintenance expense related to certain leased aircraft based on use of the aircraft. The reserve is reduced as maintenance expenditures are incurred. The balance of the reserve (deposits in excess of actual maintenance expenditures incurred) as of the filing date is approximately \$108 million. The reserve has been listed as an asset of the debtor on Schedule B-35 and the amount is listed as unknown since the reserve is applicable only under the lease agreements and is highly contingent. Additionally, the deposits are expensed by the debtor as incurred and are not included in the debtor's assets as shown in its published financial statements.
