Fellow Hawker Beechcraft Employees,

As you know, in July, Hawker Beechcraft announced that it had reached an agreement to transition responsibility for its base and salaried pension plans to the Pension Benefit Guaranty Corporation (PBGC). Enclosed is a copy of the motion and related materials we filed with the court today to seek permission for the transition. No action is required by you to consent to the transition.

As we previously shared, we expect that the plans will be impacted as follows:

- Base Plan: The PBGC will assume this plan and all participants will receive the full amount of benefits that have already vested under the PBGC's guidelines, which pay full retirement benefits at age 65. Additional benefits will not be earned under the base plan.
- Salaried Plan: The PBGC will assume this plan and about 99% of participants will receive the full amount of benefits that have already vested under the PBGC's guidelines, which pay full retirement benefits at age 65. Most of the other participants in the salaried plan will see a minimal reduction in their benefits based on the limitation on benefits under the PBGC's policies. Those individuals will be notified directly by the company in the coming months. Additional benefits will not be earned under the salaried plan.
- Union/Hourly Plan: All participants will be entitled to the full amount of benefits that have already accrued under the terms of the plan. The current plan will be frozen as of December 31, 2012 and replaced with contributions to a defined contribution plan beginning January 1, 2013.

Because of the PBGC's guarantee, the agreement with the PBGC to transition responsibility for Hawker Beechcraft's base and salaried pension plans to the PBGC will not affect the amount of pension benefits that will be received by nearly all of the retirees and former employees. For further information regarding the impact of the proposed transition on the plans, please see the Hendricks Declaration attached to the motion. Your rights may be affected.

At this time, we do not know when we will receive court approval for the transition to the PBGC, or when the transition will be completed. Over the next several months, we will work closely with the PBGC to provide additional information about the number of participants and plan assets and liabilities for each of our different employee retirement and pension plans. Once we have shared all of the information required by the PBGC, the company will be able to provide you a personal participant statement of benefits. As we have previously mentioned, a new defined contribution plan is being implemented for current employees, and additional details will be forthcoming.

We have established a pension communications section on our restructuring webpage at www.hawkerbeechcraft.com/restructuring that is dedicated to this process. We are posting updated communications and plan information as it becomes available.
