In Re: LTL Management, LLC (Case No. 21-30589-MBK) (Potential Bankruptcy Court Estimation Expert)

Dear Judge Kaplan:

Per your request, I write to summarize my potential appointment as a Court ordered Estimation Expert in the above-captioned matter. I believe this summary reflects some of the important points discussed in our conversation last week.

Your Honor is considering appointing me as the Court's Estimation Expert with the task of forecasting and estimating the volume and value of current and future ovarian cancer and mesothelioma claims that remain at issue in the above-captioned bankruptcy. My appointment would be for a fixed period of time to be determined by the Court. During this period, I anticipate a series of separate confidential meetings with all interested participants as an essential component of an intense focused effort to finalize my conclusions and prepare a Final Report. I emphasize that I would provide a full and fair opportunity for all interested parties, and their experts, to be part of this proposed process.

After my Report is completed and submitted to the Court and the parties, you have suggested that a comprehensive Bankruptcy Court hearing would follow, at which time the Court and the parties would participate in a thorough examination of the facts and assumptions underlying my conclusions and the methodology used in completing my Report. Following this hearing the Court would then determine whether to accept, in whole or in part, the findings of my Report as part of the ongoing bankruptcy proceeding.

As the Court appointed Estimation Expert, I would enlist the support of an economic modeling firm and other professionals as may be necessary to complete my task. A comprehensive budget would be proposed and provided in conjunction with this assignment.

It is important to emphasize that I would not be acting as a mediator, currently my ongoing role in other recent bankruptcies involving asbestos, joint compound asbestos/talc, opioids, etc. (My attached resume lists these relatively recent bankruptcy mediation assignments and other disputes where I acted strictly as a mediator.) In all of these disputes, I have acted as a facilitator, a neutral third party seeking to bridge differences among mediation participants and their experts. As mediator, I do not reach conclusions or estimate volume or value; instead – using the information provided me by both sides – I urge the mediation participants to reach a voluntary settlement with the help of the mediator.

In this current bankruptcy, the Court has already appointed a group of qualified mediators. I would not be replicating their work. What the Court apparently contemplates is something quite different – my new role as a Court appointed Estimation Expert who would make projections pertaining to relevant claim volume and value. Accordingly, this assignment would in no way interfere with the ongoing efforts of your current mediators or my own current role as a mediator in other disputes.

I submit this letter at the request of the Court in order to articulate the proposed potential assignment. As such, I am ready to serve if and when the Court so requests.

Sincerely,

Kenneth R. Feinberg
