

IN THE UNITED STATES BANKRUPTCY COURT  
FOR THE DISTRICT OF DELAWARE

In re:

YELLOW CORPORATION, *et al.*,

Debtors.

Chapter 11

Case No. 23-11069 (CTG)

(Jointly Administered)

Related Docket No. 5838

**ORDER DENYING MOTION TO REJECT**

The Court is in receipt of a pro se pleading filed by Kurt Hausauer [D.I. 5838] that is captioned as a “Motion to Reject.” The motion expresses frustration with the fact that notwithstanding the concessions that the debtors’ employees made over the years in an effort to save the company, the debtors have nevertheless found themselves liquidating in this bankruptcy case. The debtors have filed a response to the motion [D.I. 5900].

The motion asks that those concessions be returned and indicates that the movant has filed a proof of claim – “claim # 437.” The assertions in the motion, if true, may well form the basis of a claim that the claimant may hold against the debtors’ estates. Any potential claim is appropriately addressed through the claims allowance process. Debtors state in their response, among other things, that they tried to contact the movant by telephone and email to address the matters informally but have not received a response.

Because the Court believes that the relief sought in the motion is most appropriately resolved through the claims allowance process, the Court hereby

DENIES the motion without prejudice to the rights of any party with respect to claims allowance.
