FOR THE DISTRICT OF DELAWARE**

In re:)	
)	Chapter 11
QUORUM HEALTH CORPORATION, <i>et al.</i> ,)	
)	Case No. 20-10766 (KBO)
Debtors. ¹)	
)	Jointly Administered
)	
)	Related to Docket No. 22

**NOTICE OF REVISED LIQUIDATION ANALYSIS FOR THE DISCLOSURE
STATEMENT FOR THE DEBTORS' JOINT PREPACKAGED
CHAPTER 11 PLAN OF REORGANIZATION**

PLEASE TAKE NOTICE that on April 6, 2020, Quorum Health Corporation and certain of its affiliates (collectively, the “Debtors”) caused the *Debtors’ Joint Prepackaged Chapter 11 Plan of Reorganization* (as may be amended or modified from time to time and including all exhibits and supplements thereto, the “Plan”)² and *Disclosure Statement for the Debtors’ Joint Prepackaged Chapter 11 Plan of Reorganization* (as may be amended or modified from time to time and including all exhibits and supplements thereto, the “Disclosure Statement”) to be mailed to creditors entitled to vote on the Plan (“Solicitation”).

PLEASE TAKE FURTHER NOTICE that on April 7, 2020, the Debtors commenced these Chapter 11 Cases.

PLEASE TAKE FURTHER NOTICE that on April 7, 2020, the Debtors filed the Plan [Docket No. 21].

PLEASE TAKE FURTHER NOTICE that on April 8, 2020, the Debtors filed the Disclosure Statement [Docket No. 22].

PLEASE TAKE FURTHER NOTICE that attached to the Disclosure Statement as Exhibit F was the liquidation analysis (the “Liquidation Analysis”).

¹ The last four digits of Quorum Health Corporation’s tax identification number are 5208. There are 135 Debtors in these chapter 11 cases, which cases are being jointly administered for procedural purposes only. A complete list of the Debtors and the last four digits of their federal tax identification numbers is not provided herein. A complete list of such information may be obtained on the website of the Debtors’ claims and noticing agent at <https://dm.epiq11.com/Quorum>. The location of Quorum Health Corporation’s corporate headquarters and the Debtors’ service address is 1573 Mallory Lane, Brentwood, Tennessee 37027.

² Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Plan.

PLEASE TAKE FURTHER NOTICE that attached hereto as Exhibit A is the Liquidation Analysis as it has been revised since it was filed as Exhibit F to the Disclosure Statement on April 8, 2020. The revisions primarily reflect a change to the DIP Facility between the time of Solicitation and commencement of these Chapter 11 Cases such that the DIP Facility is not secured by entities unencumbered by the ABL Credit Facility and First Lien Credit Facilities.

PLEASE TAKE FURTHER NOTICE that attached hereto as Exhibit B is a blackline of the Liquidation Analysis reflecting changes to the Liquidation Analysis since it was filed as Exhibit F to the Disclosure Statement on April 8, 2020.

Exhibit B

Blackline of Liquidation Analysis

Exhibit F

Liquidation Analysis

1) Introduction

Quorum Health Corporation (“Quorum”) and its debtor-affiliates, as debtors and debtors-in-possession (collectively, the “Debtors”), with the assistance of their restructuring, legal, and financial advisors, have prepared this hypothetical liquidation analysis (the “Liquidation Analysis”) in connection with the *Debtors’ Joint Prepackaged Chapter 11 Plan of Reorganization* (the “Plan”) and related disclosure statement (the “Disclosure Statement”) pursuant to chapter 11 of title 11 of the United States Code (the “Bankruptcy Code”). The Liquidation Analysis indicates the estimated recoveries that may be obtained by Classes of Claims and Interests¹ in a hypothetical liquidation pursuant to chapter 7 of the Bankruptcy Code upon disposition of assets as an alternative to the Plan. Accordingly, asset values discussed herein may be different than amounts referred to in the Plan. The Liquidation Analysis is based upon the assumptions discussed herein.

Often called the “best interests” test, section 1129(a)(7) of the Bankruptcy Code requires that the Bankruptcy Court find, as a condition to confirmation of the Plan, that each holder of a Claim or Interest in each Impaired Class: (i) has accepted the Plan; or (ii) will receive or retain under the Plan property of a value, as of the Effective Date, that is not less than the amount that such Person would receive if the Debtors were liquidated under chapter 7 of the Bankruptcy Code. In order to make these findings, the Bankruptcy Court must: (1) estimate the Cash proceeds (the “Liquidation Proceeds”) that a chapter 7 trustee (the “Trustee”) would generate if each Debtor’s chapter 11 case were converted to a chapter 7 case on the Effective Date and the assets of such Debtor’s estate were liquidated; (2) determine the distribution (the “Liquidation Distribution”) that each holder of a Claim or Interest would receive from the Liquidation Proceeds under the priority scheme dictated in chapter 7; and (3) compare each holder’s Liquidation Distribution to the distribution under the Plan (“Plan Distribution”) that such holder would receive if the Plan were confirmed and consummated. Accordingly, asset values discussed herein may be different than amounts referred to in the Plan. The analysis (the “Liquidation Analysis”) is based upon certain assumptions discussed herein and in the Disclosure Statement.

THE DEBTORS MAKE NO REPRESENTATIONS OR WARRANTIES REGARDING THE ACCURACY OF THE ESTIMATES AND ASSUMPTIONS CONTAINED HEREIN, OR A TRUSTEE’S ABILITY TO ACHIEVE FORECASTED RESULTS. IN THE EVENT THAT THESE CHAPTER 11 CASES ARE CONVERTED TO A CHAPTER 7 LIQUIDATION, ACTUAL RESULTS COULD VARY MATERIALLY FROM THE ESTIMATES AND PROJECTIONS SET FORTH IN THIS LIQUIDATION ANALYSIS.

2) Basis of Presentation

The Liquidation Analysis has been prepared with the assumption that the Debtors converted their cases from chapter 11 cases to chapter 7 cases on June 30, 2020, which is the

¹ Capitalized terms used but not otherwise defined herein have the meanings ascribed to them in the Plan and Disclosure Statement.

anticipated Effective Date (the “Liquidation Date”). The pro forma values referenced herein are projected to be as of June 30, 2020 and include a roll-forward amount representative of activity between February 29, 2020 and June 30, 2020, which we assume to be a reasonable proxy for the anticipated Effective Date. The Liquidation Analysis was prepared on a legal entity basis, and summarized into the tables below.

The Liquidation Analysis represents an estimate of recovery values and percentages based upon a hypothetical liquidation of the Debtors if a Trustee were appointed by the Bankruptcy Court to convert assets into Cash. The determination of the hypothetical proceeds from the liquidation of assets is a highly uncertain process involving the extensive use of estimates and assumptions which, although considered reasonable by the Debtors’ managing officers (“Management”) and the Debtors’ advisors, are inherently subject to significant business, economic and competitive uncertainties and contingencies beyond the control of the Debtors and Management.

In preparing the Liquidation Analysis, the Debtors have estimated an amount of Allowed Claims for each Class of Claims based upon a review of the Debtors’ balance sheets as of February 29, 2020, adjusted for estimated balances as of the Liquidation Date where needed. The estimate of all Allowed Claims in the Liquidation Analysis is based on the par value of those Claims. The estimate of the amount of Allowed Claims set forth in the Liquidation Analysis should not be relied upon for any other purpose, including, without limitation, any determination of the value of any distribution to be made on account of Allowed Claims under the Plan. The actual amount of Allowed Claims could be materially different from the amount of Claims estimated in the Liquidation Analysis.

The Liquidation Analysis also does not include estimates for the tax consequences, both federal and state, that may be triggered upon the liquidation and sale events of assets in the manner described above. Such tax consequences may be material.

The Liquidation Analysis does not include recoveries resulting from any potential preference, fraudulent transfer, or other litigation or avoidance actions.

3) Liquidation Process

For purposes of this analysis, the Debtors’ hypothetical liquidation would be conducted in a chapter 7 environment with the Trustee managing the bankruptcy estate of each Debtor (each an “Estate” and collectively, the “Estates”) to maximize recovery in an expedited process. The Trustee’s initial step would be to develop a liquidation plan to generate proceeds from the sale of hospital-specific entity groups for distribution to creditors. The three major components of the liquidation are as follows:

- generation of Cash proceeds from asset sales, largely through the sale of hospital asset groupings and liquidation of accounts receivable;
- costs related to the liquidation process, such as Estate wind-down costs and Trustee, professional, and other administrative fees; and

- distribution of net proceeds generated from asset sales to holders of Claims and Interests in accordance with the priority scheme under Chapter 7 of the Bankruptcy Code.

The Liquidation Analysis assumes an “Orderly” liquidation of hospital assets. Operations will continue as normal while hospital assets are marketed for a sale. Each hospital would be sold along with its correlated group of associated assets (e.g. associated clinics, surgery centers, ambulance centers, etc.) in order to maximize value (i.e. each group of hospital assets is more valuable together than if marketed as separate entities). See Appendix 1 for a summary of each group of assets. The Liquidation Analysis projects the sale of all hospital assets within three months (i.e. by September 30, 2020) of the Liquidation Date with a subsequent three-month period to collect accounts receivable left behind in the Estates. The liquidation process would be complete by December 31, 2020.

Except for Cash and accounts receivables, all assets are assumed to be transferred to hypothetical buyers as part of the sale of hospital assets.

A “Forced” liquidation scenario where hospital operations cease and assets of each hospital are sold piecemeal has not been considered. Management does not consider this scenario to be economically viable given the specific nature of Quorum Health Corporation’s hospital assets (i.e. operator of rural hospitals including several critical access facilities). A piecemeal liquidation of hospital assets would have a significant negative impact on the U.S. healthcare system, specifically given the current COVID-19 pandemic.

4) Distribution of Net Proceeds to Claimants

Any available net proceeds would be allocated to the applicable holders of Claims and Interests in strict priority in accordance with section 726 of the Bankruptcy Code:

- Lender Claims and Other Secured Claims: includes Claims that are paid with the proceeds of collateral to the extent secured by property of the Estate, including Claims arising under that certain Credit Agreement, dated as of April 29, 2016 (as modified, amended, or supplemented, the “First Lien Credit Agreement,” the secured revolving credit facility and term loan credit facility thereunder, collectively, the “Prepetition Credit Facility,”) and certain ABL Credit Agreement, dated as of April 29, 2016 (as modified, amended, or supplemented, the “ABL Credit Agreement”);
- Administrative Claims: includes Claims for post-petition accounts payable, accrued expenses, accrued and unpaid professional fees, claims arising under section 503(b)(9) of the Bankruptcy Code, and certain unsecured claims entitled to priority under section 507 of the Bankruptcy Code;
- Priority Tax Claims: includes any secured or unsecured Claim of a Governmental Unit (as defined in the Bankruptcy Code) of the kind entitled to priority in payment as specified in section 507(a)(8) of the Bankruptcy Code;
- General Unsecured Claims: includes non-secured, non-priority debt, including trade payables, and various other unsecured liabilities; and
- Quorum Interests: to the extent, any available net proceeds remain available for distribution after satisfaction in full of the foregoing classes of Claims, any equity security

in a Debtor as defined in section 101(16) of the Bankruptcy Code, including all common stock or units, preferred stock or units, or other instruments evidencing an ownership interest in any of the Debtors.

5) Conclusion

The Debtors have determined, as summarized in the following analysis, upon the Effective Date, the Plan will provide all holders of Claims and Interests with a recovery (if any) that is not less than what they would otherwise receive pursuant to a liquidation of the Debtors under chapter 7 of the Bankruptcy Code, and as such believe that the Plan satisfies the requirement of 1129(a)(7) of the Bankruptcy Code.

1. The estimated recoveries presented for Senior Notes Claims are estimated recoveries to Holders of Claims on account of their Claims and do not reflect consideration for Equity Commitment Parties on account of their commitments. Any additional distributions made to Equity Commitment Parties are made solely on account of new capital and consideration provided to the Debtors.
2. Unless otherwise indicated, all Claim amounts in this Disclosure Statement and accompanying exhibits are estimates as of March 31, 2020.

Specific Notes to the Liquidation Analysis

Net Liquidation Proceeds:

A. Cash

The Liquidation Proceeds of Cash and Cash equivalents for all Debtor entities holding Cash is estimated to be 100% of the projected balance at the Conversion Date per the Debtors' projections as of September 30, 2020.

B. Accounts Receivable

For purposes of the Liquidation Analysis, the Liquidation Proceeds of existing receivables from revenue were estimated to range from 45% to 50% of net book value. This blended rate reflects the following collectability assumption:

- Self-pay: 10%
- All other Payer (i.e.: BCBS, Medicare, Medicaid...): 55%

C. Sales Proceeds - PP&E & Other Assets

Assets have been grouped in 27 subsets (each, a "Group") that are expected to be sold.

The 27 asset groups consist of the following:

- 23 hospitals groups. Each of these groups is composed of an hospital and related clinics, outpatient center, and nursing home;
- 1 healthcare consulting business, Quorum Health Resources;
- Corporate assets;
- Other non-operational entities;
- Legacy entities, which are residual assets from closed and divested facilities.

a) Hospital Groups and Consulting Business

The assets of each hospitals group and the consulting business are expected to be sold as "going-concern entities." Based on precedent transactions, all assets of the Group would be sold excluding Accounts Receivable (as defined below) and Cash. Any operating leases will be transferred to the potential buyer.

The value of each hospital group and consulting business is based on an adjusted EBITDA 2019 and historical industry multiple standards:

- **EBITDA:** The EBITDA used for the liquidation analysis is the unaudited EBITDA as of December 2019. The individual EBITDA of each legal entity of the Groups are aggregated to define the EBITDA of the asset Group. Each asset Group's EBITDA has been adjusted for corporate costs and the impact of COVID-19.

\$ in millions	EBITDA FY19	COVID Discount	EBITDA FY19 Post COVID	Corporate Allocation	Adjusted EBITDA
Hospitals	159,292	(47,788)	111,505	(45,071)	66,434
QHR	15,802	-	15,802	-	15,802
Corporate	(45,071)	-	(45,071)	45,071	-
Continuing operation	130,023	(47,788)	82,235	-	82,235
Other	(56,489)	-	(56,489)	-	(56,489)
Total	73,534	(47,788)	25,746	-	25,746

- **Multiples:** The multiples have been adjusted based on the activity and the EBITDA generation of each Asset group:
 - Tiers 1 Hospital (EBITDA FY19 – \$6M to \$45M): 5.5X EBITDA – 6.0X EBITDA
 - Tiers 2 Hospital (EBITDA FY19 – \$5M to \$2M): 5X EBITDA – 5.5X EBITDA
 - Tiers 3 Hospital (EBITDA FY19 – \$2M to \$0M): 4.5X EBITDA – 5X EBITDA
 - Tiers 3 Hospital (Negative EBITDA FY19 – \$0M to -\$8M): 0.1X Net Revenue or the value in recent letter of intent.
 - Quorum Health Resource (EBITDA FY19 – \$15M): 5X EBITDA – 5.5X EBITDA

Multiples assume the current uncertain economic environment and the reduced timeframe required to perform the sale.

The global value of the Group is then allocated to each entity in the asset Group.

b) Other non-operational entities / Legacy entities

Other facilities have been valued at 35% of Property Plant and Equipment Net book value.

D. Liquidation Adjustments

- **Proceeds paid to minority shareholders:** Gross proceeds from the sales of joint ventures have been allocated between Quorum and minority shareholders based on the latest capital structure.
- **Liquidator and/or Brokerage Fees:** Liquidator and/or brokerage fees include estimates for certain brokers for some real-estate transactions and liquidators and are estimated at a range of 3% to 2% of gross Liquidation Proceeds.
- **Post-Conversion Cash Flow:** Represents Debtor's net cash outflow in a chapter 7 environment for the 3-month period of the Conversion Date through September 31, 2020, during which the assets are sold. This forecast takes into account the deterioration of activity driven by COVID-19.
- **Retention Costs:** To maximize recoveries on remaining assets, minimize the number of claims, and generally oversee an orderly liquidation, the chapter 7 trustee will need to

continue to employ a substantial number of the Debtors' employees for the liquidation period. These costs are assumed to be 25% to 35% of corporate salaries.

- **Professional Fees:** Professional fees include estimates for certain professionals required during the wind-down period and are estimated at a range of \$3.5 million to \$4.5 million of gross Liquidation Proceeds.
- **Ch. 7 Trustee Fees:** Section 326 of the Bankruptcy Code provides for chapter 7 trustee fees of a maximum of 3% for Liquidation Proceeds in excess of \$1 million. The Liquidation Analysis, therefore, assumes chapter 7 trustee fees range from 2.5% to 3% of proceeds available for distribution to creditors.

E. Assets From Intercompany Proceeds

- Funds paid to the intercompany claims are re-distributed *pro rata* to other creditors based on the initial distribution.

Claims

1. Other Secured Claims

Class 1 Claims consist of any Secured Claim, other than an ABL Facility Claim, a DIP Claim, and a First Lien Claim. The Debtors estimate that there will be approximately \$22.2 million in Class 1 Claims on the Liquidation Date. The Claims included in this Class arise mostly from the capital leases of the Debtors' headquarters (\$16.1 million) and the Hospital of Kentucky River (\$5.8 million). Class 1 Claims on the Liquidation Date would likely receive a between 42.5% and 43.7% of the asserted amount claim. This rate reflects a 100% recovery for the secured portion of the liability and no recovery on their deficiency claim.

2. ABL Claims

Class 3 claims consist of Claims arising under, derived from, or based upon the ABL Credit Facility. The Debtors estimate that there will be approximately \$99.0 million in Class 3 Claims on the Liquidation Date. Class 3 Claims on the Liquidation Date would likely receive a 100% recovery.

3. First Lien Loan Claims

Class 4 Claims consist of Claims arising under, derived from, or based upon the Revolving Credit Facility and the Term Loan Facility. The Debtors estimate that there will be approximately ~~\$785.3~~\$800.5 million in Class 4 Claims on the Liquidation Date (\$47.0 million under the Revolving Credit Facility, \$15.2 million used as a collateral for Letters of Credit, and \$738.3 million under the Term Loan Facility). The Liquidation Analysis projects that the Class 4 Claims would receive a recovery between ~~61.5~~65.0% and ~~71.0~~74.0%.

4. Carve Out

The carve out consists of:

- (i) all fees required to be paid to the Clerk of the Court and the Office of the United States Trustee under section 1930(a) of title 28 of the United States Code plus interest at the statutory rate, which Statutory Fees shall not be subject to any budget;
- (ii) all reasonable fees and expenses up to \$50,000 incurred by a trustee under section 726(b) of the Bankruptcy Code;
- (iii) allowed fees and expenses of the Debtors or any Official Committee; and
- (iv) Allowed Professional Fees of Professional Persons in an aggregate amount not to exceed \$4,000,000 incurred after an Event of Default under the DIP loan (conversion of the cases to chapter 7 would be an Event of Default) (collectively, the "Carve Out").

The Debtors estimate that there will be approximately \$4.1 million in Carve Out fees. The recovery is estimated at 100%.

~~5.~~ ~~DIP Claims~~

~~DIP Claim consists in any Claim arising under, derived from or based upon the DIP Facility or DIP Orders, including the DIP Commitment Fee Claims, and the guarantees in respect thereof under the DIP Documents, including Claims for all principal amounts outstanding, interest, fees, expenses, costs, and other charges arising under or related to the DIP Facility. The Debtors estimate that there will be \$35.4 million in DIP Claims on the Liquidation Date. The recovery is estimated at 100%.~~

5. ~~6.~~ Administrative Claims

The Debtors estimate that there will be approximately \$12.1 million in Administrative Claims. Administrative Claims include Claims arising under section 503(b)(9) of the Bankruptcy Code. The estimated recovery is between ~~30.3~~26.1% and ~~30.4~~26.2%.

6. ~~7.~~ Priority Tax Claims

Priority Claims include estimates of Priority Tax Claims and Other Priority Claims. Total Priority Tax Claims and Other Priority Claims are estimated at \$53.2 million. The estimated recovery is between ~~14.4~~12.0% and ~~14.5~~12.1%.

7. ~~8.~~ Professional Fee Claims

Professional Fee Claims relate to unpaid post-petition professional fees that are not covered by the Carve Out. The estimated recovery is between ~~30.6~~16.9% and ~~31.9~~17.2%.

8. ~~9.~~ Other Priority Claims

Class 2 Claims consist of Claims other than an Administrative Claims or Priority Tax Claims entitled to priority in right of payment under section 507(a) of the Bankruptcy Code. The Debtors estimate that there will no Class 2 Claims on the Liquidation Date.

9. ~~10.~~ Senior Notes Claims

Class 5 claims consist of Claims arising under, derived from, or based upon the Senior Notes Indenture. The Debtors estimate that there will be approximately \$400.0 million in Class 5 Claims on the Liquidation Date. The Liquidation Analysis projects that the Liquidation Proceeds shall cause the Class 5 Claims to receive 0% recovery.

10. ~~11.~~ General Unsecured Claims

Class 6 consists of the General Unsecured Claims against any Debtor. The Debtors estimate that there will be approximately \$266.5 million in Class ~~5~~6 Claims on the Liquidation Date and the recovery for Class 6 Claims is estimated to be around ~~5.1~~5.3% of total General Unsecured Claims. This amount does not include any estimates for the settlement of litigation or contract rejection claims.

11. ~~12.~~ Debtor Intercompany Claims

Class 7 consists of Intercompany Claims with a Debtor. The Debtors estimate that there will be \$1,990.8 million in Debtor Intercompany Claims on the Liquidation Date and the recovery for Class 7 Claims is estimated to be between ~~1-0~~1.2% and ~~1-1~~1.3%. Funds paid due to Debtor Intercompany Claims are re-distributed to other creditors *pro rata* based on the initial distribution.

12. ~~13.~~ Non-Debtor Intercompany Claims

Class 8 consists of Intercompany Claims with a non-Debtor. The Debtors estimate that there will be \$33.1 million in Non-Debtor Intercompany Claims on the Liquidation Date and the recovery for Class 8 Claims is estimated to be between ~~0-3~~0.6% and ~~0-4~~0.7%. Funds paid to Non-Debtor Intercompany Claims are re-distributed to other creditors *pro rata* based on the initial distribution.

13. ~~14.~~ Class 1 Deficiency Claim

These Claims are related to unpaid amounts of any Secured Claim, other than an ABL Facility Claim, a DIP Claim, or a First Lien Claim.

14. ~~15.~~ Class 4 Deficiency Claim

These Claims are related to unpaid amounts of Claim arising under, derived from, or based upon the Revolving Credit Facility and the Term Loan Facility.

Borrowers and guarantors under the First Lien and ABL Credit Facility indebtedness have pledged their equity as collateral for the First Lien Lenders. After the full recovery of all creditors of unencumbered entities, the proceeds related to equity interest are used to pay any outstanding amount related to First Lien Claim.

15. ~~16.~~ Administrative/Priority Deficiency Claim

These Claims are related to unpaid Administrative Claims, Priority Tax Claims, and Administrative Professional Fee Claims.

16. DIP Claims

DIP Claims consists of any Claim arising under, derived from or based upon the DIP Facility or DIP Orders, including the DIP Commitment Fee Claims, and the guarantees in respect thereof under the DIP Documents, including Claims for all principal amounts outstanding, interest, fees, expenses, costs, and other charges arising under or related to the DIP Facility. The Debtors estimate that there will be \$35.4 million in DIP Claims on the Liquidation Date. The recovery is estimated at 0%.

17. Intercompany Interests

Class 9 consists of Interests on intercompany balances. The Debtors estimate that there will be no Intercompany Interests on the Liquidation Date. If any Class 9 Interests exist on the Liquidation Date, the Debtors estimate that there will be no recovery.

18. Quorum Interests

Class 10 consists of Quorum Equity Interests. The Debtors estimate that there will be no recovery for potential Class 10 Interests on the Liquidation Date.
